The world is full of problems and what we humans are doing is finding solutions. The art of solving these problems to make our life better is engineering. We generally consider engineering as a profession only where engineers are working for different business houses. In reality, the people who are working as engineers in any field are providing some sort of solution to any organizational problem by using their technical skills, knowledge and common sense. Engineering is one of the most desired and widely selected professions in India. Every year, India produces millions of engineers. To become one of the best engineers, one must have a bachelor's degree from a recognized university or college in the respective engineering field. COMEDK 2020 provides one such opportunity to the candidates for getting admission to participating colleges and get their graduation completed in their desired field
