

Foundations Of Marketing 5th Edition

Review: "This book is a fantastic guide to online marketing, and the Internet in general. As a marketing practitioner, I've been finding my way own way through the online world for some time now but have always wondered if what I was doing was 'correct' and it would take me ages to find out what I needed to know through researching online articles, blogs, etc. I found this book to be fairly concise and focused. The references to other online articles that it includes are vast and can they be very absorbing. The best part about this is that it is written by someone that clearly has vast experience in the field and, unlike with some online articles, you get the feeling that what is advised is really 'best practice'. I'd recommend this book for anyone interested in digital marketing." Adam Butchart, Digital Marketing student

Blurb: We love the Internet. We love digital and the connected world that we live in. We have spent the last six months gleaning every bit of knowledge, skill and opinion from the creative minds at Quirk. promoter of the “Four P’s of Marketing,” Philip Kotler, explains how marketers can use technology to address customers’ needs and make a difference in the world. In a new age when marketers are struggling with the digital transformation of business and the changing behavior of customers, this book provides marketers with a way to integrate technological and business model evolution with the dramatic shifts in consumer behavior that have happened in the last decade. Following the pattern presented in his bestselling Marketing X.0 series, Philip Kotler covers the crucial topics necessary to understand modern marketing, including:

- Artificial Intelligence for marketing automation
- Agile marketing
- “Segments of one” marketing
- Contextual technology
- Facial recognition and voice tech for marketing
- The future of Customer Experience (CX)
- Transmedia storytelling
- The “Whatever-Whenever-Wherever” service delivery
- “Everything-As-A-Service” business model
- Internet of Things and blockchain for marketing
- Virtual and augmented reality marketing
- Corporate activism

Perfect for traditional and digital marketers, as well as students and teachers of marketing and business, Marketing 5.0 reinvigorates the field of marketing with actionable recommendations and unique insights.
