Discussing international perspectives on teaching about hazards and disasters, this volume features examples from Germany, France, South Africa, New Zealand, Hong Kong and Nigeria.

A MAN WITHOUT AMBITION is Dr Arnold Mol's autobiography written with the purpose of giving his grandchildren some insight into part of their historical heritage. Even though his family and friends were surprised by the title, Dr Mol says that his life has been characterized by responding to opportunities that have come his way, rather than purposefully planning to achieve something. A MAN WITHOUT AMBITION begins with Dr Mol recounting the drama surrounding his birth in Holland shortly before the end of the Second World War. He then reflects on the past 68 blessed years of his life –

about immigrating to South Africa, growing up, the love of his life, his first job, his missionary calling to South America, becoming a parent and his deep gratitude towards the Lord. A MAN WITHOUT AMBITION makes for rather entertaining reading with many anecdotes, and readers will see how blessed life can be when they trust God and put their faith in Him alone.

A Model Unit for Grade 10: Sustainability and the Environment is one book in the series Tools for Instruction and Reading Assessment. The series consists of twenty-four companion documents to Teaching to Diversity: The Three Block Model of Universal Design for Learning by Jennifer Katz.

The Handbook of Inclusive Education advocates the importance of inclusive education. It presents a collection of various models, practices, experiences, first-hand accounts and success stories from India, where inclusive education has been implemented. It also identifies and analyzes challenges to the Indian education system, while offering possible strategies and solutions for all education systems implementing inclusion policies. The book is divided into three parts. Part one gives an overview of the concept and practice of inclusive

education and also discusses legal and policy aspects. Part two describes innovative practices in the implementation of inclusive education for children with a wide range of disabilities, such as: - Hearing Impairment - Visual Impairment - Orthopedic Impairment - Learning Disability - Cerebral Palsy - Intellectual Impairment - Autism Spectrum Disorders. Part three discusses current developments in the fields of inclusive education and describes what a 'real' inclusive school should be like.
