He shares his findings with those of his kind who also wish to heal their eternal torment. A Bloody Rebellion But the vampire, Theo Thantos doesn't want to be cured. He doesn't care if vampires spill innocent blood to ensure their own survival. He will not allow Pike's vaccine to drive the nosferatu to extinction. With a cadre of fanatics devoted to his cause, Thantos plans to transform America's most powerful people into vampires under his control. A War Between Immortals The battle lines have been drawn. Thantos' army appears unstoppable, but Pike's experiments on vampirism go beyond mere treatment. He has found a way of increasing a vampire's mental and physical abilities. It's a discovery that could provide his brood with an edge they so desperately need against Thantos' forces of darkness. For unless Pike and his followers can crush their enemies, the mortal world be transformed into a living hell . . . "If you read one horror book this year, read this one!" —William W. "This is an American story, unsettled by contradictions, constituted by unresolvable loss and open-ended hope, produced through brutal exclusivities and persistent insurgencies. This is the story of Lincoln prison." In her Introduction, Sabina E. Vaught passionately details why the subject of prisons and prison schooling is so important. An unprecedented institutional ethnography of race and gender power in one state's juvenile prison school system, *Compulsory* will have major implications for public education everywhere. Vaught argues that through its educational apparatus, the state disproportionately removes young Black men from their homes and subjects them to the abuses of captivity. She explores the various legal and ideological forces shaping juvenile prison and prison schooling, and examines how these forces are mechanized across multiple state apparatuses, not least school. Drawing richly on ethnographic data, she tells stories that map the repression of rightless, incarcerated youth, whose state captivity is the contemporary expression of age-old practices of child removal and counterinsurgency. Through a theoretically rigorous analysis of the daily experiences of prisoners, teachers, state officials, mothers, and more, *Compulsory* provides vital insight into the broad compulsory systems of schooling—both Inside prison and in the world Outside—asking readers to reconsider conventional understandings of the role, purpose, and value of state schooling today.

The Great Golf Collections of the World includes 24 sections that display collectibles amassed by individuals. While some are

broad-based and others are thematic or specialized, they all possess one common theme--only the very best. Virtually all the collections have been cultivated and enhanced over several decades--no amateurs here! Among the collections is the largest private golf book library in the world—over 22,000 volumes, the lifetime accumulation of golf's most renowned professional, who bears the title of a nobleman, and a superb collection of golf-themed art that is a museum in itself. There are also fascinating collections built by enthusiasts that are experts in singular niches like ceramics, paper ephemera, autographed photos of early champions, ancient golf clubs, and century old golf marketing materials-- to name just a few. Nine private clubs with extensive historic holdings are profiled. Stretching from Australia to North America to Europe these clubs have embraced the preservation of their own specialized place in the annals of golf history, while also expanding their collections to develop a more expansive history of the sport in general. Three world renowned golf museums have opened their doors through this volume to encourage golfers to learn more about the history of the ancient game. In addition to historical revelations, the book also features 13 different topical sections including historical narratives on clubs, balls and tees, a survey that traces a millennium of golf history and its predecessor games, and topical sections on individual items like golf postcards, travel brochures and animation art, all profusely illustrated with explanatory captions and a complete index

In *You Don't Say* Edward Cifelli collects 68 previously published essays and fugitive thoughts. It is a miscellany that records some of the things, large and small, that have claimed his attention between 2012 and 2017, between his 70th and 75th birthdays and his attention ranges far and wide, from Donald Trump, Hillary Clinton, and Barack Obama to Joe Maddon and the Ronettes; from Henry David Thoreau and Henry Wadsworth Longfellow to Keurig coffee makers and New York Times crossword puzzles; from the resignation of Pope Benedict XVI and the discovery of the God Particle to lottery statistics and lost golf balls. Part of the fun of the book is its crazy quilt of the important and unimportant and how they look after Cifelli stops to think about them. From *Whining Poets*: They attend each others readings and pretend there is a place for them someplace else in the literate universe. That is delusional, but it's a fiction they all hold on to just as they hold on to the idea that they are under-read and under-appreciated. Their usual posture is a sort of hang-dog look of disappointment and lofty superiority, a difficult combination that they manage with the same irritating panache observed in perpetually misunderstood teenagers.

*Secret Drugs of Buddhism* explores the historical evidence for the use of entheogenic plants within the Buddhist tradition and calls attention to the central role which psychedelics played in Indian religions.

SHE'S OUT OF TIME ... Zachary Van Buren is everything Wendy Jordan's been dreaming of ... literally. He's as gorgeous and compelling as the man in the dreams she's been having for years. Even more amazing, he's as cosmically drawn to her as she is

to him. But reality isn't so dreamy: he's unhappily married to a jealous woman who wields some kind of hold over him. Fate, it seems, has derailed destiny. WILL SHE RUN OUT OF LUCK? But Destiny may just have a few tricks up her sleeve. Wendy faints in the house and finds herself back in time in a desperate race to thwart Zachary's grim fate. As she races against the calendar, she must unravel clues about murder, blackmail, and a dark obsession so she can free Zachary... and find a love for all time. "Fascinating...[Bamberger] knows the world of professional golf, and the pressures it exacts, like few others." —The Wall Street Journal It's one of the greatest comebacks of all time. And for Tiger Woods—his game, his body, and his life in shambles—getting back to the winner's circle was only half the story. Here's the rest of it. Tiger Woods's long descent into a personal and professional hell reached bottom in the early hours of Memorial Day in 2017. Woods's DUI arrest that night came on the heels of a desperate spinal surgery, just weeks after he told close friends he might never play tournament golf again. His mug shot and alarming arrest video were painful to look at and, for Woods, a deep humiliation. The former paragon of discipline now found himself hopelessly lost and out of control, exposed for all the world to see. That episode could have marked the beginning of Tiger's end. It proved to be the opposite. Instead of sinking beneath the public disgrace of drug abuse and the private despair of a battered and ailing body, Woods embarked on the long road to redeeming himself. In *The Second Life of Tiger Woods*, Michael Bamberger, who has covered Woods since the golfer was an amateur, draws upon his deep network of sources inside locker rooms, caddie yards, clubhouses, fitness trailers, and back offices to tell the true and inspiring story of the legend's return. Packed with new information and graced by insight, Bamberger's story reveals how this iconic athlete clawed his way back to the top. Here you'll meet the people who have shaped and saved Tiger's life. It's a disparate group: a Florida police officer, an old friend from Tiger's boyhood, his girlfriend, his manager, his caddie. You'll go inside the ropes and see Tiger's interactions with fellow pros, with broadcasters and rules officials and Tour executives, with legends young (Rory McIlroy) and old (Jack Nicklaus) and in between (Fred Couples). On the Sunday before Masters Sunday, you'll join Tiger as he takes a long, slow, contemplative walk across Augusta National, and you'll be with him again seven days later in the splendid isolation of the tee at thirteen, in the rain, his right foot slipping while he swings his driver at 120 miles per hour. This is an intimate portrait of a man who has spent his life in front of the camera but has done his best to make sure he was never really known. Here is Tiger, barefoot, in handcuffs, showing a police officer a witty and self-deprecating side of himself that the public never sees. Here is Tiger on the verge of tears with his children at the British Open. Here is Tiger trying to express his gratitude to his mother at a ceremony at the Rose Garden. In these pages, Tiger is funny, cold, generous, self-absorbed, inspiring—and real. *The Second Life of Tiger Woods* is not only the saga of an exceptional man but also a celebration of second chances. Bamberger's bracingly honest book is about what Tiger Woods did, and about what any of us can do, when we face our demons head-on.

Fritz presents the biography of King George III, ruler who was determined to be a good king but who had the not uncommon royal viewpoint that whoever disagreed with him was 'a traitor or a scoundrel.'--Bulletin of the Center for Children's Books.

The incredible true story of Tiger Woods's dramatic comeback following his humbling and very public personal, physical, and professional setbacks. One publicly imploded marriage. Two car accidents. Eight surgeries. And now, a miracle of hard work and storied talent: five Masters wins. Once hailed as "the greatest closer in history" before he fell further than any beloved athlete in America's memory, Tiger swung at the world's wildest expectations and beat the skeptics with his April 2019 Masters championship. Roaring Back traces his road to Augusta and the improbable, phenomenal comeback of one of the greatest golfers in history. New York Times--bestselling author Curt Sampson details the highs and lows of Woods's career in three gripping acts. From his startling loss at the 2009 PGA Championship, detrimental obsession with his swing, and that infamous night involving an ex-wife and a nine-iron...to adoring fans and lucrative sponsors turning their backs, exclusive interviews with past instructors and PGA tour peers, and an arrest complete with a toxicology report . . . finally to Tiger coming from behind for his fifth green jacket as the crowd rumbled in Georgia, and how his comeback rivals those of the most dramatic in his sport. Sampson also places Woods's defeats and triumphs in the context of historic comebacks by other notable golfers like Ben Hogan, Skip Alexander, Aaron Siltan, and Charlie Beljan, finding the forty-three-year-old alone on the green for his trajectory of victory against all odds. As this enthralling book reveals, Tiger never doubted the perseverance of the winner in the mirror. "Sampson admirably details all the highs and lows." —Jim Nantz, CBS Sports

- Written by a critically-acclaimed natural-history author
- Shares author's fun journey to understanding clouds
- Written for the curious—but non-science—minded Author Maria Mudd Ruth fell in love with clouds the same way she stumbles into most passions: madly and unexpectedly. A Sideways Look at Clouds is the story of her quite accidental infatuation with and education about the clouds above. When she moved to the soggy Northwest a decade ago, Maria assumed that locals would know everything there was to know about clouds, in the same way they talk about salmon, tides, and the Seahawks. Yet in her first two years of living in

Olympia, Washington, she never heard anyone talk about clouds—only the rain. Puzzled by this lack of cloud savvy, she decided to create a 10-question online survey and sent it to everyone she knew. Her sample size of 67 people included men and women, new friends in Olympia, family on the East Coast, outdoorsy and indoorsy types, professional scientists, and liberal arts majors like herself. The results showed that while people knew a little bit about clouds, most were like her—they had a hard time identifying clouds or remembering their names. As adults, they had lost their curiosity and sense of wonder about clouds and were, essentially, not in the habit of looking up. *A Sideways Look at Clouds* acknowledges the challenges of understanding clouds and so uses a very steep and bumpy learning curve—the author’s—as its plot line. The book is structured around the ten words used in most definitions of a cloud: “a visible mass of water droplets or ice crystals suspended in the atmosphere above the earth.” A captivating story teller, Maria blends science, wonder, and humor to take the scenic route through the clouds and encourages readers to chart their own rambling, idiosyncratic course.

A breathtaking tour around more than 130 of the world’s finest golf courses, this exciting book focuses on courses outside the United States. Many fabulous courses will be new to the American reader, and are featured in magnificent photographs made especially for this book. Generously oversized, *'Planet Golf'* is a treasure trove of new information and great ideas for the golfing traveler. Comments on the courses by leading designers such as Greg Norman, Pete Dye, Tom Fazio, Jack Nicklaus, Tom Doak, Gary Player, Tom Weiskopf, and others accompany the authoritative text by Darius Oliver.

*Question the Wall Itself* examines ways that interior spaces and decor can be fundamental to the understanding of cultural identity. It showcases 23 international artists who explore the political and social dimensions of interior architecture as well as its complicated relationship to history and their own backgrounds. The featured artists are Jonathas de Andrade, Uri Aran, Nina Beier, Marcel Broodthaers, Tom Burr, Alejandro Cesarco, Marc Camille Chaimowicz, Theaster Gates, Ull Hohn, Janette Laverriere, Louise Lawler, Nick Mauss, Park McArthur, Lucy McKenzie, Shahryar Nashat, Walid Raad, Seth Siegelaub, Paul Sietsema, Florine Stettheimer, Rosemarie Trockel, Cerith Wyn Evans, Danh Vo and Akram Zaatari. The book and the exhibition it accompanies take as its guiding principle what Marcel Broodthaers termed “esprit decor”: a critique of ideas of nationality, globalization and the space of the institution through constructed interior scenes. Recasting our conception of interior space and design, the featured works exist between art, prop, and set or stage. Espousing this *mise-en-scene* approach, *Question the Wall Itself* plugs readers into material that expands the show in the form of book-as-exhibition. It includes an extensive photographic walk-through of the installations, and essays by Jordan Carter, Adrienne Edwards, Isla Leaver-Yap, Fionn Meade, and Robert Wiesenberger, as well as contributions from participating artists.
