"That rare person who looked like Marlene Dietrich and wrote like Virginia Woolf," Clarice Lispector is one of the most popular but least understood of Latin American writers. Now, after years of research on three continents, drawing on previously unknown manuscripts and dozens of interviews, Benjamin Moser demonstrates how Lispector's development as a writer was directly connected to the story of her turbulent life. Born in the nightmarish landscape of post-World War I Ukraine, Clarice became, virtually from adolescence, a person whose beauty, genius, and eccentricity intrigued Brazil. *Why This World* tells how this precocious girl, through long exile abroad and difficult personal struggles, matured into a great writer. It also asserts, for the first time, the deep roots in the Jewish mystical tradition that make her the true heir to Kafka as well as the unlikely author of "perhaps the greatest spiritual autobiography of the twentieth century." From Chechelnyk to Recife, from Naples and Berne to Washington and Rio de Janeiro, *Why This World* strips away the mythology surrounding this extraordinary figure and shows how Clarice Lispector transformed one woman's struggles into a universally resonant art.

The Buen Retiro, a royal retreat and pleasure palace, was built for Philip IV on the outskirts of Madrid in the 1630s. With its superb display of paintings by Velázquez and other contemporary artists, the palace became a

showcase for the art and culture of Spain's Golden Age. *A Palace for a King*, first published in 1980, provides a pioneering total history of the construction, decoration, and uses of a major royal palace, emphasising the relationship of art and politics at a critical moment in European history. produced on different aspects of the history of the palace and its decoration since the 1970s. A number of new, unpublished illustrations have been added, and many of the plates are now reproduced in colour. The publication of this edition gains added importance from the fact that plans for the expansion of the Prado Museum include the restoration of the Hall of Realms to approximate its original appearance, as reconstructed in this volume.

Following up his international best-selling book, *An Exorcist Tells His Story*, Fr. Gabriele Amorth, the renowned chief exorcist of Rome, expands on some of the key topics of his previous book, covering important details about demonic or occult issues. He uses concrete examples from his own experiences and those of other exorcists to illustrate and substantiate his points. Since satanic sects, occultism, s,ances, fortune-tellers and astrologers are so widespread today, Father Amorth asks the question why is it so difficult today to find an exorcist, or a priest who is an expert in this field? The example and the teaching of Christ is very clear, as is the tradition of the Church. But today's Catholics are often misinformed. Exorcisms are reserved for appointed priests, while all believers can make prayers of liberation. What is the difference? What norms must be followed? What problems are still open and unresolved in this

field? The new book by Father Amorth answers these and many other questions, supporting his discourse with a rich exposition of recent facts. A valuable, practical and instructive manual for priests and lay people, on how to help many who are suffering.

A discussion of the mechanism of class formation and institutionalisation of class conflict. It traces the formation of a class society back to the patterns of 'surveillance power' and control, and shows how these patterns preceded and made possible the industrial system. Sumptuous novel centering on the life of sixteenth-century Italian Isabella D'Este.

Saxum—the Latin word means rock—is the nickname that St. Josemaría Escrivá, founder of Opus Dei, bestowed on Alvaro del Portillo. Don Alvaro, as he came to be known, was for many years the founder's closest associate as well as his successor and first Prelate of Opus Dei after it became a personal prelature—a foundational rock for this dynamic international Catholic group devoted to promoting sanctity in ordinary life. Written in anticipation of Bishop del Portillo's September 2014 beatification—his official recognition by the Church as “blessed” and a stage on the way to his possible canonization as a saint—the book is a fact-filled biography set against the background of historic events like the Spanish Civil War and Vatican Council II. It depicts a person of powerful integrity and conviction who set aside a promising engineering career to follow the vision embodied in Opus Dei. Don Alvaro emerges in these pages as a tower of strength, reliability, and good humor in the face of a host of threats and challenges that

might well have defeated a lesser man. John Coverdale, an attorney and historian, is the author of two other books detailing the early days of Opus Dei—Uncommon Faith, about St. Josemaría and his companions during and shortly after the civil war in Spain, and Putting Down Roots, about Father Joseph Muzquiz, along with Alvaro del Portillo one of Opus Dei's first priests, who played a key role in introducing it in the United States.

This is the first complete translation of the biographies of fifteen artists, including Annibale Carracci, Caravaggio, Rubens, Van Dyck, and Poussin, written by the seventeenth-century antiquarian Giovan Pietro Bellori. Originally conceived as a continuation of Vasari's famous *Lives*, it is a fundamental source for seventeenth-century Italian art and artistic theory, providing detailed descriptions of extant and lost works of art, while casting light on the cultural politics of contemporary Rome and the relations between Rome and France. The importance of Bellori's *Lives* lies in the scrupulous documentation of artists, many of whom he knew personally; the author's detailed descriptions of their works; and his exposition of the classicist theory of art in the introductory lecture, the *Idea*. This volume contains the twelve *Lives* published in the original edition of 1672 and three *Lives* (Guido Reni, Andrea Sacchi, and Carlo Maratti) that survive in manuscript form and that were published for the first time in 1942.

Billy Graham shares God's gentle, reassuring promise of spiritual calm—of authentic personal peace—amidst a personal life wracked with too much stress, too many burdens, too great a heartache. In *Peace with God* Billy Graham asks God to help this book “find its way into the hands and hearts of a lost, confused, and searching world . . . men, women, and young people everywhere [who] thirst for peace with God.” In spite of a life drenched with responsibilities and rewards, are you thirsting? Searching for some nameless thing that is more important than anything in life? You are not alone. All mankind is seeking the answer to the confusion, the moral sickness, the spiritual emptiness that oppresses the world. All humanity is crying out for guidance, for comfort . . .for peace. Reverend Graham shares God's gentle, reassuring promise of spiritual calm—of authentic personal peace—amidst a personal life wracked with too much stress, too many burdens, too great a heartache. The most powerful military religious order of the Middle Ages and their sacred treasure. For a certain period in history, the Knights Templar—the most powerful military religious order of the Middle Ages—secretly guarded the Shroud of Turin. Worshipped in a relentlessly secret manner, and known in its intimate nature by only a handful of the order's officials, the swathe of fabric was kept in the central treasury of the Knights Templar, who were known for their expertise in the field of relics. The precious cloth's history and whereabouts were known only to the highest dignitaries of the secretive order. In an era of widespread doctrinal confusion in much of the

Church, the Templars considered the Shroud to be a powerful antidote against the proliferation of heresies. Easy to read and thoroughly researched, this book tracks the Templars from their inception as warrior-monks protecting religious pilgrims to the later fascination with their secret rituals and incredible wealth, which ultimately led to their dissolution and the seizing of their assets. Following the Shroud's pathway through the Middle Ages, Vatican historian Barbara Frale has gone back in time, to the dawn of the Christian era, to provide a new perspective on the controversial relic. The author also includes several photos of the Shroud itself that reveal in startling detail a human face, mysterious writing, and marks of a crucifixion that many have claimed identify it as the true burial shroud of Jesus of Nazareth.

This volume brings together historians of imperialism and race, travel and modernity, Islam and India, the Pacific and the Atlantic to show how a 'transnational' approach to history offers fresh insights into the past.

Transnational history is a form of scholarship that has been revolutionising our understanding of history in the

last decade. With a focus on interconnectedness across national borders of ideas, events, technologies and individual lives, it moves beyond the national frames of analysis that so often blinker and restrict our understanding of the past. Many of the essays also show how expertise in 'Australian history' can contribute to and benefit from new transnational approaches to history.

Through an examination of such diverse subjects as film, modernity, immigration, politics and romance, *Connected Worlds* weaves an historical matrix which transports the reader beyond the local into a realm which re-defines the meaning of humanity in all its complexity. Contributors include Tony Ballantyne, Desley Deacon, John Fitzgerald, Patrick Wolfe and Angela Woollacott.

St. Catherine of Bologna, much venerated in her own city, has been little known outside of her native region but interest in her is now increasing. The outline of her life is clear and her own work, *The Seven Spiritual Weapons*, tells a good deal about her inner experiences and early years in the cloister. The introduction to this translation situates her life in the history of Ferrara and Bologna and studies how the external history of the community impinged on Catherine's own religious experience and how it was interwoven with her successful struggle against depression.

Is there a resemblance between the contemporary anorexic teenager counting every calorie in her single-minded pursuit of thinness, and an ascetic medieval saint examining her every desire? Rudolph M. will make you realize how dependent upon culture the definition of disease is. I will never look at an anorexic patient in the same way again."—Howard Spiro, M.D., Gastroenterology "[This] book is a first-class social history and is well-documented both in its historical and scientific portions."—Vern L. Bullough, American Historical Review "A significant contribution to revisionist history, which re-examines events in light of feminist thought. . . . Bell is particularly skillful in describing behavior within its time and culture, which would be bizarre by today's norms, without reducing it to the pathological."—Mary Lassance Parthun, Toronto Globe and Mail "Bell is both enlightened and convincing. His book is impressively researched, easy to read, and utterly fascinating."—Sheila MacLeod, New Statesman

The object of this work is to define Dante's attitude or, if need be, his successive attitudes towards philosophy. It is therefore a question of ascertaining the character, function and place which Dante assigned to this branch of learning among the activities of man. My purpose has not been to single out, classify and list Dante's numerous philosophical ideas, still less to look for their sources or to decide what doctrinal influences determined the evolution of his thought.

The truth about angels according to the Fathers of the Church. These pages lean on the works of the early Fathers of the Church to show us who the ministering angels really are, and how in every instant and in every way they are working for your salvation and mine.

detection and reflection.”—Publishers Weekly "Rivets the reader with its twist of historical realities. A historical piece, it faithfully reproduces the grim canvas of war. A character study, it captures the thoughts and actions of real people, not stereotypes.”—The Free Lance-Star “And don’t miss Lumen by Ben Pastor. . . . An interesting, original, and melancholy tale.”—Literary Review Italy, September 1943. The Italian government switches sides and declares war on Germany. He is ordered to investigate the murder of a prominent local fascist: a bizarre death threatening to discredit the regime’s public image. The prime suspect is the victim’s twenty-eight-year-old widow Clara. Haunted by his record of opposition to SS policies in Russia, Bora must watch his step. Against the backdrop of relentless anti-partisan warfare and the tragedy of the Holocaust, a breathless chase begins. The first in the Martin Bora series, Lumen, was published by Bitter Lemon Press in May 2011.

In this volume five Cardinals of the Church, and four other scholars, respond to the call issued by Cardinal Walter Kasper for the Church to harmonize "fidelity and mercy in its pastoral practice with civilly remarried, divorced people". Beginning with a concise introduction, the first part of the book is dedicated to the primary biblical texts pertaining to divorce and remarriage, and the second part is an examination of the teaching and practice prevalent in the early Church. In neither of these cases, biblical or patristic, do these scholars find support for the kind of "toleration" of civil marriages following divorce advocated by Cardinal Kasper. This book also examines the Eastern Orthodox practice of *oikonomia* (understood as "mercy" implying "toleration") in cases of remarriage after divorce and in the context of the vexed question of Eucharistic communion. It traces the centuries long history of Catholic resistance to this convention, revealing serious theological and canonical difficulties inherent in past and current Orthodox Church practice. Thus, in the second part of the book, the authors argue in favor of retaining the theological and canonical rationale for the intrinsic connection between traditional Catholic doctrine and sacramental discipline concerning marriage and communion. The various

studies in this book lead to the conclusion that the Church's longstanding fidelity to the truth of marriage constitutes the irrevocable foundation of its merciful and loving response to the individual who is civilly divorced and remarried. The book therefore challenges the premise that traditional Catholic doctrine and contemporary pastoral practice are in contradiction.

"Because it is the task of the apostolic ministry to ensure that the Church remains in the truth of Christ and to lead her ever more deeply into that truth, pastors must promote the sense of faith in all the faithful, examine and authoritatively judge the genuineness of its expressions and educate the faithful in an ever more mature evangelical discernment." - St. John Paul II, Familiaris Consortio
