The Rough Guide to New York City is the ultimate travel guide to this exciting city. In full color throughout and with dozens of photos to illustrate New York City's great buildings, iconic landmarks, and distinctive neighborhoods, this updated guidebook will show you the best the city has to offer. The guide includes itineraries to help you explore the city, discover great places to eat, and experience the city outside of the traditional tourist's path. You'll also find detailed information neighborhood-by-neighborhood, whether you want to visit the historic Financial District, Chelsea's High Line park, the churches of Harlem, Brooklyn's Coney Island, or even the furthest reaches of the Bronx. New York City has something for everyone--art galleries and museums, festivals and nightlife--and The Rough Guide to New York City uncovers it all, revealing hidden gems in some of the most popular areas and including all kinds of highlights in its "Top 5" lists. Detailed color maps for each neighborhood, plus a subway map and practical information on all the essentials, make getting around easy. Make the most of your time with The Rough Guide to New York City. Now available in ePub format.

The full-color guide to getting the most out of your iPhone Completely updated and revised to include iOS 6, iCloud, and the latest iPhone 5 features, this full-color book is your guide to all things iPhone. Bestselling veteran authors Edward Baig and Bob "Dr. Mac" LeVitus introduce you to the capabilities of the iPhone for making phone calls, browsing the Internet, sending and receiving e-mails, working with the calendar, watching and recording HD videos, taking and editing great photos, and much more. You'll discover how to set up iTunes, buy music and videos, protect your information, troubleshoot, multitask, and download the hundreds of thousands of apps available from the App Store. Includes coverage of iPhone 5 and iPhone 4S as well as the older iPhone 4 model Gets you started with your iPhone, and introduces you to the multitouch interface, syncing with iCloud, making phone and video calls, texting, working with the calendar, and more Explains setting up iTunes, watching your favorite movies and TV shows, taking stunning photos, and listening to your favorite music Helps you get organized with the calendar and Reminders features, keep on top of the latest news with Notification Center, and communicate with Siri, your voice-activated virtual assistant Walks you through connecting wirelessly, sending and receiving e-mails, making FaceTime video calls, getting directions from the all new Maps app, protecting your information, and troubleshooting Addresses the latest updates, iCloud, and new iOS 6 features that make your iPhone even more powerful and easy to use iPhone 5 For Dummies, 6th Edition is presented in the straightforward-but-fun style that defines the series. It's just the book you need to get acquainted with your brand-new iPhone.

Explains how to use the portable device, from activating the iPhone to managing its multi-touch and voice-recognition interfaces to iPhone security, including syncing the phone with iCloud, managing contacts, and organizing multimedia.

iPhone For Seniors For Dummies, 5th Edition (9781119293484) was previously published as iPhone For Seniors For Dummies, 5th Edition (9781119137764). While this version features a new Dummies cover and design, the content is the same as the prior release and should not be considered a new or updated product. Learn to navigate the iPhone like a pro Learning to use new technology can be a bit of a challenge for seniors, especially now that smartphones are more like mobile computers. iPhone For Seniors For Dummies, 5th Edition is a full-color text that guides you through easy-to-understand lessons in iPhone features and functions. This step-by-step reference explains how to use the most basic of your phone's capabilities, such as making calls and sending text messages. Additionally, this newly revised book walks you through the most exciting features of your iPhone's hardware and software, from downloading new apps to keeping your data—and your phone—safe. With a larger font size and illustrations, this senior-friendly resource presents information in an accessible way. iPhones are among the most popular smartphones in the world, but learning how to use one can prove difficult if you're not up to date on the latest technology. To keep up with the cool kids and make sure to use a reference that fits your needs! Start from the very beginning by covering buying and getting started with your iPhone Explore your new phone's accessibility features, and dive into more complicated features as you build your understanding of the iPhone's technology Discover new forms of entertainment, such as surfing the web on mobile Safari, exploring new mobile apps, buying and reading eBooks, buying and listening to music on iTunes, and searching for interesting videos on YouTube Protect your new phone with key safety and maintenance best practices iPhone For Seniors For Dummies, 5th Edition guides you through the seemingly chaotic world of your new phone, helping you make sense of its features and functions.

This is your must-have resource to the theoretical and practical concepts of mobile UX. You'll learn about the concepts and how to apply them in real-world scenarios. Throughout the book, the author provides you with 10 of the most commonly used archetypes in the UX arena to help illustrate what mobile UX is and how you can master it as quickly as possible. First, you'll start off learning how to communicate mobile UX flows visually. From there, you'll learn about applying and using 10 unique user experience patterns or archetypes for mobile. Finally, you'll understand how to prototype and use these patterns to create websites and apps. Whether you're a UX professional looking to master mobility or a designer looking to incorporate the best UX practices into your website, after reading this book, you'll be better equipped to maneuver this emerging specialty. Addresses the gap between theoretical concepts and the practical application of mobile user experience design Illustrates concepts and examples through an abundance of diagrams, flows, and patterns Explains the differences in touch gestures, user interface elements, and usage patterns across the most common mobile platforms Includes real-world examples and case studies for this rapidly growing field

Your no-nonsense, consumer-oriented guide to Disney's Cruise Line The Unofficial Guide to the Disney Cruise Line by Len Testa with Erin Foster, Laurel Stewart, and Ritchey Halphen describes the best of Disney's ships and itineraries, including a couple of stellar restaurants, top-notch children's activities, and Castaway Cay, one of the best vacation islands in the Caribbean. The book also lists which on-board entertainment and restaurants should be skipped, including recommendations on what to do instead. Along the way, this indispensable travel companion shows how to save money, choose the right stateroom, ship, and itinerary, and how to get to and from the cruise with ease. The guide also provides full coverage of the Disney-run European river cruises and includes itinerary and port guides.

Answers found here! In iOS 7, Apple gave the iPhone the most radical makeover in its history. The new software is powerful, sleek, and a perfect companion to the iPhone 5s and 5c—but it's wildly different. Fortunately, David Pogue is back with an expanded edition of his witty, full-color guide: the world's most popular iPhone book. The important stuff you need to know: The iPhone 5s. This book unearths all the secrets of the newest iPhone—faster chip, dual-color flash, fingerprint scanner, and more—and its colorful companion, the 5c. The iOS 7 software. Older iPhones gain Control Center, AirDrop, iTunes Radio, free Internet phone calls, and about 197 more new features. This book covers it all. The apps. That catalog of 1,000,000 add-on programs makes the iPhone's phone features almost secondary. Now you'll know how to find, manage, and exploit those apps. The iPhone may be the world's coolest computer, but it's still a computer, with all of a computer's complexities. iPhone: The Missing Manual is a funny, gorgeously illustrated guide to the tips, shortcuts, and workarounds that will turn you, too, into an iPhone addict.

Offers detailed, illustrated instructions for repairing Apple handheld electronic devices, covering the replacement of components, fixing software failures, and making repairs and changes not intended by the manufacturer.

With iOS 5, Apple added more than 200 new features to the iPad 2, but there's still no printed guide to using all its amazing capabilities. That's where this full-color Missing Manual comes in. You'll learn how to stuff your iPad with media, organize your personal life, wirelessly stream content to and from your tablet, stay connected to friends, and much more. The important stuff you need to know: Build your media library. Fill your iPad with music, movies, TV shows, eBooks, eMagazines, photos, and more. Go wireless. Sync content between your computer and iPad—no wires needed. Get online. Connect through WiFi or Wi-Fi + 3G, and surf the Web using the iPad's new tabbed browser. Consolidate email. Read and send messages from any of your email accounts. Get social. Use built-in apps like iMessage, Twitter, and Ping to stay in touch. Store stuff in iCloud. Stash your content online for free, and sync up all your devices automatically. Interact with your iPad. Learn new finger moves and undocumented tips, tricks, and shortcuts.

Explains how to use the iPhone and learn all the options of its additional capabilities which include iCloud, Siri, FaceTime, the App Store, iTunes, and settings.

"Jag är född i Brasiliens vildmark och bodde i en grotta tills jag var ungefär fem år gammal. Därefter flyttade min mamma och jag in till en av São Paulos många kåkstäder – en rent livsfarlig miljö för ett barn att växa upp i. Jag fick tidigt lära mig att inte lita på polisen eller andra vuxna. Ofta fick jag klara mig själv och jag fick även ansvara för min lillebror innan jag slutligen hamnade på barnhem. Ett år senare, när jag var åtta år, adopterades jag bort till en familj i Vindeln i Västerbotten." Christina berättar om sitt liv som gatubarn i Brasilien, om svält, misshandel och separation. Om uppväxten i Sverige och alla kulturkrockar som uppstod när hon kom till det lilla samhället i Norrland. Hur hon har bearbetat sina upplevelser i vuxen ålder och börjat bygga upp ett nytt liv. Och när hon behöver fylla på med kraft och energi har hon ett speciellt knep: Hon kastar sig ut från ett flygplan och faller fritt i sextio sekunder innan fallskärmen vecklas ut. Att landa på fötterna är bra att kunna i många sammanhang! Det här är en berättelse om kärlek, sorg, vänskap och förlust. Christina berättar om att överleva, om hur vitt skilda världar har format henne och hur hon har kämpat för att få ihop sina två jag.

Discover this exquisite region of the United States with the most incisive and entertaining guidebook on the market. The latest iPhone models were released on September 19th in the United States and the United Kingdom, and according to Apple, are the "biggest advancements in iPhone history." It's a clever play on words, as the new models both sport

much larger screens than the iPhones of yesteryear. Whereas the iPhone 4S and below had a meager 3.5 inch screen (considered generous at the time), the iPhone 5, 5S and 5C were stretched out to 4 inches. Faced with stiff competition from Android flagships that have long featured big screens, the iPhone 6 and 6 Plus are Apple's authoritative answer to the growing number of iOS fans restlessly awaiting their own big phones. The new phones are powered behind the scenes by Apple's latest software release, iOS 8, which also brings many features and changes with it. This guide is designed to walk you through the most important parts of the phone, from the basics and learning how to navigate through the phone, to more advanced features like setting up email accounts and understanding what the cloud really is. Towards the end, a list of the 20 top paid and free applications will be available to add many different functionalities to your phone once you are comfortable enough with it.

Looks at the features and functions of the iPad, covering such topics as email, iTunes, iBooks, Safari, iCloud, applications, and iPhoto.

For more than 20 years, Network World has been the premier provider of information, intelligence and insight for network and IT executives responsible for the digital nervous systems of large organizations. Readers are responsible for designing, implementing and managing the voice, data and video systems their companies use to support everything from business critical applications to employee collaboration and electronic commerce.
