This book argues that Germans and Austrians have dealt with the Nazi past very differently and these differences have had important consequences for political culture and partisan politics in the two countries. Drawing on different literatures in political science, Art builds a framework for understanding how public deliberation transforms the political environment in which it occurs. The book analyzes how public debates about the 'lessons of history' created a culture of contrition in Germany that prevented a resurgent far right from consolidating itself in German politics after unification. By contrast, public debates in Austria nourished a culture of victimization that provided a hospitable environment for the rise of right-wing populism. The argument is supported by evidence from nearly two hundred semi-structured interviews and an analysis of the German and Austrian print media over a twenty-year period.

Set in Washington, DC, in 1865, the play is about Laura Keene, the British-born stage actress whose company was performing Tom Taylor's *Our American Cousin* at Ford's Theatre the night Abraham Lincoln was shot and killed by John Wilkes Booth. In classic Charles Busch fashion, *Our Leading Lady* is a backstage comedy in which a presidential assassination is not merely a national tragedy but also a vexing interruption in a powerful woman's quest for fame and glory.

Imagine the collision of the Civil War era with *Noises Off*.

At the end of World War II, twenty-year-old Vera is brutally raped by an unknown assailant. From that rape is born a boy named Fred, a misfit who later becomes a talented boxer. Vera's young son, Barnum, forms a special but bizarre relationship with his half brother, fraught with rivalry and dependence as well as love. "I should have been your father," Fred tells Barnum, "instead of the fool who says he is." It is Barnum, who is now a screenwriter with a fondness for lies and alcohol, who narrates his family's saga. As he shares his family's history, he chronicles generations of independent women and absent and flawed men whom he calls the Night Men. Among them is his father, Arnold, who bequeaths to Barnum his circus name, his excessively small stature, and a con man's belief in the power of illusion. Filled with a galaxy of finely etched characters, this prize-winning novel is a tour de force and a literary masterpiece richly deserving of the accolades it has received.

Original. From the author of the international bestseller *The 100-Year-Old-Man Who Climbed Out the Window and Disappeared*, a brilliant satirical novel set in modern Sweden—a story of idealism and fanaticism, gangsters and entrepreneurs, sensationalism and spirituality, that explores the values that matter in contemporary life. In a former brothel turned low-rent hotel, the lives of three unusual strangers—a former female priest, recently fired from her church; the ruined grandson of an ex-millionaire working as a receptionist; and Killer-Anders, a murderer newly released from prison—accidentally collide with darkly hilarious results. Seeing a lucrative opportunity in Killer-Anders, the unlikely trio form an unusual new business. The Priest and The Receptionist will handle strategy and public relations, and coordinate Killer-Anders' "missions." Using the media's obsessive need for sensational, headline-making stories to advertise their talent's superb "skill," they quickly build a clientele of rich Swedish gangsters. Suddenly, they're making an altogether different kind of killing of their own. But when Killer-Anders begins asking deeper questions about purpose and meaning, his curiosity leads him to an unexpected discovery: he finds Jesus. Desperate to save the money machine they've built, The Priest and The Receptionist devise an audacious plan utilizing Killer-Anders' newfound and decidedly fervent faith. By exploring five common Christian perspectives ("theological worlds"), this volume helps readers understand the basis of their own Christian attitudes, identify the sources of their confusions about life and the church, and come to a deeper appreciation of the assumptions and motivations of others. Author W. Paul Jones demonstrates that each of the five "theological worlds" has a legitimate basis in both Scripture and tradition. He explores why the "citizens" of each world have great difficulty understanding and accepting the legitimacy of other worlds, and why people of goodwill often misconstrue the words and intentions of others. Theological Worlds offers thoughtful insight to all Christians who want to understand and deal effectively with other human beings. Christian educators will appreciate the references to literature--books, plays, songs, poetry--which illustrate the characteristics of residents of the five worlds and point toward ways to achieve nurturing experiences for students and congregations. Preachers will find the volume helpful as a means of crafting sermons that speak to the diversity of experience among their church members.

Translated from the Norwegian and with an introduction by Joe Martin. Novelist and essayist Jens Bjorneboe turned to playwriting during the 1960's, as a genre in which he might "stage his literary assault on hierarchical society with an aggressive, extroverted form of theater" (from the Introduction). This play had its world premiere in Oslo in 1969, and recounts the tragic history of Dr. Ignaz Semmelweis, the founder of modern antiseptic techniques, whose biography illustrates "the pitfalls and even horrors of the man or woman of science who is naively in search of truth and improvement in the human condition, in a society who is naively in search of truth and improvement in the human condition, in a society that reveres prestige

and power and its own received belief systems to the exclusion of any new 'truths'" (from the Introduction). Brechtian in style and somewhat anarchic in its politics, "Semmelweis" provides a biting critique of obtuse authority.

This extraordinary volume examines the life and animation philosophy of Maurice Noble, the noted American animation background artist and layout designer whose contributions to the industry span more than 60 years and include such cartoon classics as Duck Dodgers in the 24 ½th Century, What's Opera, Doc?, and The Road Runner Show. Revered throughout the animation world, his work serves as a foundation and reference point for the current generation of animators, story artists, and designers. Written by Noble's longtime friend and colleague Tod Polson and based on the draft manuscript Noble worked on in the years before his death, this illuminating book passes on his approach to animation design from concept to final frame, illustrated with sketches and stunning original artwork spanning the full breadth of his career. First published in the year 1724, the present book titled 'A General History of the Pyrates' is a historical work by English fictional writer and journalist Daniel Defoe.
