Naketa West is not limited by geographic space neither will she fit into any stereotype. Her anthology takes you into an abyss of hurt and pain, love and hate, forgiveness and revenge. As the pages are turned she reveals the heart and soul of men and women and dances into her readers' subconsciousness. Naketa's journey into the catacombs of the readers' thoughts. Each reader will wonder who told her my story, her story, his story? Readers will dance to her "word tune" repeatedly while waiting for her new revelations of their experiences.

Afrikan life into the coming millennia is imperiled by White and Asian power. True power must nest in the ownership of the real estate wherever Afrikan people dwell. Economic destiny determines biological destiny. 'Blueprint for Black Power' details a master plan for the power revolution necessary for Black survival in the 21st century. White treatment of Afrikan Americans, despite a myriad of theories explaining White behavior, ultimately rests on the fact that they can. They possess the power to do so. Such a power differential must be neutralized if Blacks are to prosper in the 21st century ... Aptly titled, 'Blueprint for Black Power' stops not at critique but prescribes radical, practical theories, frameworks and approaches for true power. It gives a biting look into Black potentiality. The War & Peace of golf. A quaint old classic from 1946, with an intro by the Duke of Windsor. It's good advice, and seriously, this game has hardly changed a whit in 50 years!

This powerful drama examines the fears of parents driven to do "the right thing" when the safety of their daughter is in doubt. A mother and father who learn that the next door neighbor is a convicted child molester consider both vigilance and vigilantism before being forced into action by a pair of child advocacy crusaders. The shocking climax hits a raw nerve, leaving the audience to consider where the line between right and wrong lies. Mr. Bundy was a hit at the 1998 Humana Festival at Actors Theatre of Louisville. -- Publisher's website.

When monsters appear on Earth, Maggie MacKay is on the job. No one is better at hauling the creepy crawlies back where they belong. No one, that is, except Maggie's dad, who vanished in the middle of an assignment. Now, an elf named Killian has shown up with a gig. Seems Maggie's uncle teamed up with the forces of dark to turn Earth into a vampire convenience store, serving bottomless refills on humans. Ah, family... The only hope for survival lies in tracking down two magical artifacts and a secret that disappeared with Maggie's dad. WARNING: This book contains cussing, brawling, and unladylike behavior. Proceed with caution.

Sasaki Kojiro, renowned for his deadly swallow-cut, is the man destined to be sword-saint Miyamoto Musashi's greatest rival and opponent in the most well-known duel in the annals of Japanese history. This is the tale of Kojiro's path, in the aftermath of the Battle of Sekigahara.

"There has never been a book provoking more delirium, foolishness and irrational movements, without any relationship to Jesus Christ [than the Book of Revelation]." —Jacques Ellul, Introduction Known for his trenchant critique of modernity and of those Christians who celebrate their captivity to it, Ellul here cuts to the heart of the theological intention of the Book of Revelation, and thereby reveals the liberating gospel in all its offensiveness. Neither an exhaustive commentary nor a work of historical-exegetical analysis, Apocalypse is a provocative, independent interpretation. Ellul seeks to rescue Revelation from the reassuring and orthodox banality to which commentators often reduce it. The goal is to perceive the totality of the book in its movement and structure. "Architecture in movement" is the key to understanding Revelation's puzzling but simple message. This edition also comes with a new foreword by Jacob Marques Rollison who provides an essential aid for guiding readers through Ellul's thorough engagement with Revelation.

Two kids, one band, one crucial audition. Noah's a natural on the guitar, and he'd give anything to get through the Rock War audition. But when he betrays his best friend to join another band, he knows he's crossed the line. Will he risk their friendship for the sake of musical stardom?

A.W. Tozer calls God the "Composer of the Cosmos," the "Chief Musician of the Universe." God signals the birds to chirp their beautiful tune in the coolness and tranquility of a spring morning, simply because that is what He designed them to do. Each note is wonderfully constructed by God, uniquely bringing praise to His name. With this inspiring perspective on worship, Tozer invites readers to take a deep look at the ways in which we worship and why. He reminds us that we were created solely for this purpose and that worshipping the Father and seeking His fellowship is our primary task. It is also His delight. The newest revised edition now includes "Worship: The Missing Jewel of the Evangelical Church," first published in the Alliance Life magazine in 1965, and still so profound today.

The author has also published Lally-May's Farm Suss (2007) and Granny dead (2018, winner Commonwealth Anthology Novel award, 2018). In an age of skepticism and disenchantment, people long for something that satisfies our mind's search for truth and our heart's desire for beauty and meaning. Stand Firm: Apologetics and the Brilliance of the Gospel argues that the gospel satisfies both of these needs. It is true and rational, but it is also inherently attractive and provides meaning and purpose. In short, the gospel is brilliant. It is brilliant, in one sense, because of the broad variety of evidences for its truth. But it is also brilliant given its beauty, goodness and the meaningful life it offers. The book provides up to date responses to questions about the existence of God, the reliability of the Bible, Jesus and the resurrection, and the problem of evil. It also treats unique topics such as understanding truth, knowledge and faith, the claims of alternate faiths, religious disagreement, etc. Each chapter attempts to connect these considerations with the gospel so that we may stand firm in our faith.

Forty-six. That's how many hybrids survived the Hunter attack in the woods after I revived them with an injection of my blood. That's how many followed me home to Frederick Falls. And that's how many were now mentally linked to me through a blood bond. Two days. Three valium. Fourteen hours of sleep. That's what it took to realize I wasn't losing my mind as a result of the noise in my own head. Sixteen. That's how many days have passed since I almost killed Alex. That's how many days I've sat by his bedside, waiting for him to wake up. To ease the guilt, to understand his betrayal, to remember the exact shade of brown in his eyes. Zero. That's my chances of skating by with Gordon Steppe and the Hunter Council. They want me for questioning. I'm afraid what'll happen if I give them answers.

"A superior book. . . . Many readers will be surprised to see that today's arguments about history education follow the culture wars that go back to almost the beginning of the republic. Moreau's writing is engaging, with brilliant flashes of insight, as well as balance and wit." -Gary B. Nash, Director of the National Center for History in the Schools Taking Frances FitzGerald's textbook study America Revised as a point of departure, Joseph Moreau in Schoolbook Nation challenges FitzGerald's premise that the 1960s were the beginning of the end of the glory days of American history education. Moreau recounts how in the late twentieth century, cultural commentators such as historian Arthur Schlesinger Jr. and politician Newt Gingrich preached that a new identity crisis had shaken American history in the sixties, and that the grand unified view of our past had given way to various interest groups, who dismantled the old national narrative while demanding a more "inclusive" curriculum for their children. Moreau discovered, however, that American history, while grand, has never been unified. Delving into more than 100 history books from the last 150 years, the author reveals that the efforts of pressure groups to influence the history curriculum

are nearly as old as the mustiest textbook. "For those who would influence textbooks and teaching-Protestant elites in the 1870s, Irish-Americans in the 1920s, and conservative politicians today-the sky has always been falling," according to Moreau. Schoolbook Nation offers a history lesson of its own: when the story of the past is written or rewritten, truth is often a victim. With its comprehensive treatment of the subjects of honesty and politics in the teaching of history, this is an essential book on the side of truth in a complex debate.

The men of the Bastion Club proved their bravery secretly fighting for their country. Now their leader faces that most dangerous mission of all: finding a bride. As the mysterious leader of the Bastion Club known as "Dalziel," Royce Varisey, tenth Duke of Wolverstone, served his country for decades, facing dangers untold. But as the holder of one of England's most august noble titles, he must now take on that gravest duty of all: marriage. Yet the young ladies the grand dames would have him consider are predictably boring. Far more tempting is his castle's willful and determinedly aloof chatelaine, Minerva Chesterton. Beneath her serene façade lies a woman of smoldering sensuality, one who will fill his days with comfort and his nights with sheer pleasure. Determined to claim her, he embarks on a seduction to prove his mastery over every inch of her body . . . and every piece of her heart.

This title provides a theoretically and methodologically new and distinct approach to gender through the frameworks of biopolitics and genealogy, theorising it as a historically specific apparatus of biopower. Through the use of a diverse mix of historical and contemporary documents, the book explores how the problematisation of intersex infant genitalia in 1950s psychiatry propelled the emergence of the gender apparatus in order to socialise sexed individuals into the ideal productive and reproductive subjects of White, middle-class postwar America.

This sumptuously illustrated volume analyzes artists' representations of angels and demons and heaven and hell from the Judeo-Christian tradition and describes how these artistic portrayals evolved over time. As with other books in the Guide to Imagery series, the goal of this volume is to help contemporary art enthusiasts decode the symbolic meanings in the great masterworks of Western Art. The first chapter traces the development of images of the Creation and the Afterworld from descriptions of them in the Scriptures through their evolution in later literary and philosophical works. The following two chapters examine artists' depictions of the two paths that humans may take, the path of evil or the path of salvation, and the punishments or rewards found on each. A chapter on the Judgment Day and the end of the world explores portrayals of the mysterious worlds between life and death and in the afterlife. Finally, the author looks at images of angelic and demonic beings themselves and how they came to be portrayed with the physical attributes--wings, halos, horns, and cloven hooves--with which we are now so familiar. Thoroughly researched by and expert in the field of iconography, *Angels and Demons in Art* will delight readers with an interest in art or religious symbolism.

The wildly inventive debut collection of stories by the Oscar-nominated star of *The Social Network*. "Hilarious . . . It's a hoot" (People, *The Best New Books*). Jesse Eisenberg, known for his iconic film roles, his regular pieces in the *New Yorker* and two critically acclaimed plays, proves himself "a deeply original comic voice" in these 28 stories" about the funniness, sadness, and strangeness of everyday life and they really made me laugh" (Roz Chast). Moving from contemporary LA to the dorm rooms of an American college to ancient Pompeii, Eisenberg throws the reader into a universe of social misfits, reimaged scenes from

history, and ridiculous overreactions; a college freshman forced to live with a roommate is stunned when one of her ramen packets goes missing (“She didn’t have ‘one’ of my ramens. She had a chicken ramen.”); Alexander Graham Bell has teething problems with his invention (“I’ve been calling Mabel all day, she doesn’t pick up! Yes, of course I dialed the right number—2!”); and in the title story, a precocious and privileged nine-year-old boy finds himself in the uncomfortable position as an amateur restaurant critic. Featuring illustrations by award-winning cartoonist Jean Jillian, this “alphabet soup of sketches, riffs, and innovations” (Seattle Times) explores the various insanities of the modern world, “playfully bringing both familiar and wholly original scenarios to life” (Marie Claire). Eva is walking by the river with her seven-year-old daughter when they catch sight of a man's body in the water. Eva tells her daughter to wait while she calls the police, but when she reaches the phone box she doesn't call them. Instead she phones her father, and makes no mention of her discovery. When the body is eventually found, it soon becomes clear to Inspector Sejer and his team that this was no accidental drowning - the man was the victim of a very violent killer. But the trail has gone cold. Until, one night, Eva receives a phone call...

In 2004 Dom Joly wrote a spoof autobiography called Look At Me, Look At Me. In Here Comes the Clown, he takes up the story of his life from 14th January 2000 when the very first episode of Trigger Happy TV aired on Channel 4 and everything changed for him. Suddenly he was famous; reality was weirder than any fiction he could conjure up. This is the story of what happened next, through snippets of recollections from his adventures in showbusiness...

Set during the 1980s civil war in Lebanon, 'Dreams of Water' is compulsively readable, deceptively simple and overwhelmingly moving. A decade ago, Tim Flannery's #1 international bestseller, The Weather Makers, was one of the first books to break the topic of climate change out into the general conversation. Today, Earth's climate system is fast approaching a crisis. Political leadership has not kept up, and public engagement with the issue of climate change has declined. Opinion is divided between technological optimists and pessimists who feel that catastrophe is inevitable. The publication of this new book is timed for the lead-up to the Climate Change Conference in Paris in December 2015, which aims to achieve a legally binding and universal agreement on climate from all the nations in the world. This book anticipates and will influence the debates. Time is running out, but catastrophe is not inevitable. Around the world people are now living with the consequences of an altered climate—with intensified and more frequent storms, wildfires, droughts and floods. For some it's already a question of survival. Drawing on the latest science, Flannery gives a snapshot of the trouble we are in and more crucially, proposes a new way forward, including rapidly progressing clean technologies and a "third way" of soft geo-engineering. Tim Flannery, with his inimitable style, makes this urgent issue compelling and accessible. This is a must-read for anyone interested in our global future.

Hotel Gwales is the eagerly anticipated new collection from award winning poet Nigel Jenkins. It is as diverse as it is rousing, featuring some eighty poems varying in length from a three-line Haiku to an extended meditation of nearly 400 lines. Welsh themes and references, ancient and modern, are interspersed with works of an undeniably international flavour to bring together this exceptional collection. From a poem commemorating the execution of a man known as the Welsh 'Braveheart' to an elegy for a Welsh bus driver, Hotel Gwales truly has something for everyone. Hotel Gwales offers Nigel Jenkins's distinctive voice at its best in his first collection of poetry in almost four years. Nigel is well known both in Wales and internationally and is a frequent performer of his work. He has previously undertaken reading tours of countries including the USA and Switzerland. His trademark experimentation with form and ability to engage with his subject is at its finest.
