The term 'Made By Hong Kong' describes the production network that Hong Kong industry has extended into China and elsewhere in the region. The 'Made in Hong Kong' manufacturing experience has been used in one of the world's most extensive experiments in the globalization of production. What can other entrepreneurs preparing to expand into China learn from the Hong Kong story? An interdisciplinary team of researchers from the Massachusetts Institute of Technology investigated these questions in a year-long study of Hong Kong industry from the micro to macro level, involving nearly 400 organizations in Hong Kong, China, and elsewhere in Asia. Made By Hong Kong challenges the common view that industry in Hong Kong has no future, and asserts instead that it has a great opportunity to combine its manufacturing capabilities with innovative services. Hong Kong industry is well positioned to contribute to the new generations of service-enhanced products that will be the mainstay of twenty-first-century manufacturing. The authors offer strategies for upgrading 'Made By Hong Kong' production, and assess the prospects of various industries, old and new.

"In the sulphurous The High Place, the amoral hero Florian enters the sleeping-beauty story and (unlike Jurgen with Helen) does not draw back at the sight of excessive beauty. Complications ensue: Beauty is realistically diminished during pregnancy, the first-born child is forfeit to Satan under the pact that guaranteed Florian's success, and an irascible saint is eager to call down holy fire on transgressors. Florian treads close to damnation and is saved only when Satan and the angel Michael conspire to let recent events become, again, a dream: he has a rare second chance and learns better." -- The Encyclopedia of Fantasy

"Blaylock is one of the most brilliant of that new generation of fabulist writers: All the Bells on Earth may be his best book . . .

Enthralling” (The Washington Post Book World). In the dead of night, a man climbs the tower of St. Anthony’s Church, driven by a compulsive urge to silence the bells. In a deserted alley, a seemingly random victim is consumed by a torrent of flames. And in the deceptive light of day, a mail-order businessman named Walt Stebbins receives a bizarre artifact—a glass jar containing the preserved body of a bluebird. Things like this don’t usually happen in a town like Orange, California. Ordinary people don’t expect to face evil—real evil—in their backyards. But as Walt unravels the mystery of the bird in the jar, he learns that the battle between good and evil takes place every day . . . “An absolute page-turner . . . A terrific novel by a master of the offbeat and the absurd.” —The Washington Post Book World “In the best tradition of The Twilight Zone, crossed with wacky characters, humor and moments of real love stunningly portrayed.” —Rick Kleffel, The Agony Column “With acrobatic grace, Blaylock, winner of two World Fantasy Awards, once again walks the dividing line between fantasy and horror—this time, as he relates a deal-with-the-devil story set in suburban Southern California.” —Publishers Weekly “While juxtaposing subtle humor with grim horror, the author portrays a world in which human virtues become mystic weapons and unlikely heroes grope their way toward salvation.” —Library Journal
