The companion volume to 12 Rules for Life offers further guidance on the perilous path of modern life. In 12 Rules for Life, clinical psychologist and celebrated professor at Harvard and the University of Toronto Dr. Jordan B. Peterson helped millions of readers impose order on the chaos of their lives. Now, in this bold sequel, Peterson delivers twelve more lifesaving principles for resisting the exhausting toll that our desire to order the world inevitably takes. In a time when the human will increasingly imposes itself over every sphere of life—from our social structures to our emotional states—Peterson warns that too much security is dangerous. What's more, he offers strategies for overcoming the cultural, scientific, and psychological forces causing us to tend toward tyranny, and teaches us how to rely instead on our instinct to find meaning and purpose, even—and especially—when we find ourselves powerless. While chaos, in excess, threatens us with instability and anxiety, unchecked order can petrify us

into submission. Beyond Order provides a call to balance these two fundamental principles of reality itself, and guides us along the straight and narrow path that divides them. Christopher Hitchens, described in the London Observer as “one of the most prolific, as well as brilliant, journalists of our time” takes on his biggest subject yet—the increasingly dangerous role of religion in the world. In the tradition of Bertrand Russell’s *Why I Am Not a Christian* and Sam Harris’s recent bestseller, *The End Of Faith*, Christopher Hitchens makes the ultimate case against religion. With a close and erudite reading of the major religious texts, he documents the ways in which religion is a man-made wish, a cause of dangerous sexual repression, and a distortion of our origins in the cosmos. With eloquent clarity, Hitchens frames the argument for a more secular life based on science and reason, in which hell is replaced by the Hubble Telescope’s awesome view of the universe, and Moses and the burning bush give way to the beauty and symmetry of the double helix.

Are you getting the spiritual nourishment you need? We've all experienced times when we have not eaten a balanced diet or we've eaten too many sweets. We feel sick, light-headed, and occasionally depressed, or we become irritated and edgy. It's the body's way of letting us know that it's lacking sufficient nourishment. Optimal health requires optimal nutrition. The same is true spiritually speaking. Without sufficient and regular biblical nutrition, our inner life begins to suffer the consequences. We become shallow and selfish, more demanding and less gentle, and quick to react impatiently, rashly, and angrily. These are telltale signs of inner malnutrition. In *Searching the Scriptures*, respected Bible teacher Chuck Swindoll shows us how to dig deep into Scripture and uncover its profound truths for our lives. He outlines the principles of Bible study that will help you understand God's Word, apply it, and communicate it clearly to those around you. Too many people try to go it alone, without a guide, for this life and the next. Chuck explains how we can fix our own spiritual meals, then invites us to feast on nourishing truths we can discover in God's Word.

It is so important to write down what you are learning so you will never forget! This is a study journal to help you study and record what you are learning in your scriptures as you study individual CHAPTERS. Chapter by chapter as you study, there is a basic outline on each page that allows you to write down things such as: words you looked up, significant doctrines and principles you found, people in the chapter, questions you asked, other scriptures you looked up, insights from study guides, and your own personal thoughts and insights. Start now and record all of the amazing things the scriptures are teaching you right now in your life! Plus... what amazing gift to leave your posterity! There is also a companion journal available that helps you focus on individual TOPICS. The two journals are complimentary in nature and organized in a way that you can reference your journals to each other. So if you study a few different chapters about "Faith" and write all about it in your CHAPTER journal (but they are scattered throughout your journal), you can reference them to each other as well as to your page in your TOPIC journal so everything is nicely organized and easy to find! Both types of journals come with a set of instructions and a "Table of Contents" in the front so you can title your pages and find things easily.
