Named a Best Book of the Year by The San Francisco Chronicle “Survivor Cafe?...feels like the book Rosner was born to write. Each page is imbued with urgency, with sincerity, with heartache, with heart... Her words, alongside the words of other survivors of atrocity and their descendants across the globe, can help us build a more humane world.” —San Francisco Chronicle As firsthand survivors of many of the twentieth century’s most monumental events—the Holocaust, Hiroshima, the Killing Fields—begin to pass away, *Survivor Cafe?* addresses urgent questions: How do we carry those stories forward? How do we collectively ensure that the horrors of the past are not forgotten? Elizabeth Rosner organizes her book around three trips with her father to Buchenwald concentration camp—in 1983, in 1995, and in 2015—each journey an experience in which personal history confronts both commemoration and memorialization. She explores the echoes of similar legacies among descendants of African American slaves, descendants of Cambodian survivors of the Killing Fields, descendants of survivors of the bombing of Hiroshima and Nagasaki, and the effects of 9/11 on the general population. Examining current brain research, Rosner depicts the efforts to understand the intergenerational inheritance of trauma, as well as the intricacies of remembrance in the aftermath of atrocity. *Survivor Cafe?* becomes a lens for numerous constructs of memory—from museums and commemorative sites to national reconciliation projects to small-group cross-cultural encounters. Beyond preserving the firsthand testimonies of participants and witnesses, individuals and societies must continually take responsibility for learning the painful lessons of the past in order to offer hope for the future. *Survivor Cafe?* offers a clear-eyed sense of the enormity of our twenty-first-century human inheritance—not only among direct descendants of the Holocaust but also in the shape of our collective responsibility to learn from tragedy, and to keep the ever-changing conversations alive between the past and the present.

“What if what you did mattered more because life happened again and again, consequences unfolding across decades and continents?...A relentlessly paced page-turner and a profound meditation on the meaning of life.” —Christina Baker Kline, #1 New York Times bestselling author of *The Orphan Train* What happens to us after we die? What happens before we are born? At once a riveting mystery and a testament to the profound connection between a child and parent, *The Forgetting Time* will lead you to reevaluate everything you believe... What would you do if your four-year-old son claimed he had lived another life and that he wants to go back to it? That he wants his other mother? Single mom Janie is trying to figure out what is going on with her beloved son Noah. Noah has never been ordinary. He loves to make up stories, and he is constantly surprising her with random trivia someone his age has no right knowing. She always chalked it up to the fact that Noah was precocious—mature beyond his years. But Noah’s eccentricities are starting to become worrisome. One afternoon, Noah’s preschool teacher calls Janie: Noah has been talking about shooting guns and being held under water until he can’t breathe. Suddenly, Janie can’t pretend anymore. The school orders him to get a psychiatric evaluation. And life as she knows it stops for herself and her darling boy. For Jerome Anderson, life as he knows it has already stopped. Diagnosed with aphasia, his first thought as he approaches the end of his life is, I’m not finished yet. Once an academic star, a graduate of Yale and Harvard, a professor of psychology, he threw everything away to pursue an obsession: the stories of children who remembered past lives. Anderson became the laughing stock of his peers, but he never stopped believing that there was something beyond what anyone could see or comprehend. He spent his life searching for a case that would finally prove it. And with Noah, he thinks he may have found it. Soon, Noah, Janie, and Anderson will find themselves knocking on the door of a mother whose son has been missing for eight years. When that door opens, all of their questions will be answered. Gorgeously written and fearlessly provocative, Sharon Guskin’s debut explores the lengths we will go for our children. It examines what we regret in the end of our lives and hope for in the beginning, and everything in between.

Hazel Stillman is a woman of rare independence and limited opportunities. Born with a clubbed foot, she was sent away as a child and, knowing her disability means a marriage is unlikely, she devoted herself to scholarship and education. Now working as a teacher in an elite private girls' school, she is content with the way her story has unfolded. When her uncle Elliott Mayfield presents her with the prospect of a substantial inheritance if she marries, Hazel is offended. What kind of decent man would marry for her money? Besides, she loves her freedom as a professional, respected woman. When she hears rumors of the school possibly being sold, however, she knows she must consider all her options. Duncan Penhale has a brilliant mind and thrives on order and process. He does not expect to marry because he likes his solitary life, shared only with his beloved cat. When Elliott Mayfield, his guardian's brother, presents him with an inheritance if he marries a woman of social standing, Duncan finds it intrusive. However, with the inheritance, he could purchase the building in which he works and run his own firm. It would take an impressive and intellectual woman to understand and love him, quirks and all. Hazel and Duncan believe they have found a solution to both of their problems: marry one another, receive their inheritances, and then part ways to enjoy their individual paths. But when Uncle Mayfield stipulates that they must live together as husband and wife for one year before receiving their inheritances, Hazel and Duncan reluctantly agree. Over time, their marriage of convenience becomes much more appealing than they had anticipated. At the end of the full year, will they go their separate ways or could an unlikely marriage have found unsuspecting love?

From Ben and Erin Napier, the stars of the hit HGTV show *Home Town*, comes *Make Something Good Today*, a memoir that tells us all to seek out the good in life, celebrate the beauty of family and friends, and prosper within our communities because everything we need in life to be happy, is within our grasp. Long before their hugely popular TV show, an expanding family, or demolition day on their dream home, Erin began keeping a daily online journal to help her stay focused on the positive and count her blessings in life. She never expected that her depictions of small-town life in the tiny swath of Mississippi where she Ben call home would catch the eye of a television producer and set them off on the journey of a lifetime. *Make Something Good Today* offers a behind-the-scenes glimpse into the struggles and triumphs of a couple that America has come to know and love for their easy humor, adoring relationship, and ability to utterly transform a place into something beautiful and personal. This is the poignant story of how Erin and Ben took a small,

tight-knit town into their own hands (literally) and used ingenuity, community, and authenticity to rebuild a once-thriving American Main Street. And how, by combining Ben's carpentry skills with Erin's design eye, Home Town is making it clear to us all that small-town living can feel as big as you make it. Complete with family photographs, Erin's hand-painted sketches, and never-before-heard personal stories, this inspirational memoir reminds us all not to give up hope that great love stories are possible, big things can bloom in small towns, and there is always magic in the ordinary if you know where to look for it.

This practical and inspirational guide to healing from the award-winning, New York Times bestselling author of *The Choice* shows us how to stop destructive patterns and imprisoning thoughts to find freedom and enjoy life. Edith Eger's powerful first book *The Choice* told the story of her survival in the concentration camps, her escape, healing, and journey to freedom. Oprah Winfrey says, "I will be forever changed by Dr. Eger's story." Thousands of people around the world have written to Eger to tell her how *The Choice* moved them and inspired them to confront their own past and try to heal their pain; and to ask her to write another, more "how-to" book. Now, in *The Gift*, Eger expands on her message of healing and provides a hands-on guide that gently encourages us to change the thoughts and behaviors that may be keeping us imprisoned in the past. Eger explains that the worst prison she experienced is not the prison that Nazis put her in but the one she created for herself, the prison within her own mind. She describes the twelve most pervasive imprisoning beliefs she has known—including fear, grief, anger, secrets, stress, guilt, shame, and avoidance—and the tools she has discovered to deal with these universal challenges. Accompanied by stories from Eger's own life and the lives of her patients each chapter includes thought-provoking questions and takeaways, such as: -Would you like to be married to you? -Are you evolving or revolving? -You can't heal what you can't feel. Filled with empathy, insight, and humor, *The Gift* captures the

vulnerability and common challenges we all face and provides encouragement and advice for breaking out of our personal prisons to find healing and enjoy life.

By the time she was in her early twenties, Bassegy was a spoken word artist and traveling with HBO's *Def Poetry Jam*, channeling her life into art. But beneath the façade of the confident performer, Bassegy's mental health was in a precipitous decline, culminating in a breakdown that resulted in hospitalization and a diagnosis of Bipolar II. In *I'm Telling the Truth, But I'm Lying*, Bassegy Ikpi breaks open our understanding of mental health by giving us intimate access to her own. Exploring shame, confusion, medication, and family in the process, Bassegy looks at how mental health impacts every aspect of our lives—how we appear to others, and more importantly to ourselves—and challenges our preconception about what it means to be "normal." Viscerally raw and honest, the result is an exploration of the stories we tell ourselves to make sense of who we are—and the ways, as honest as we try to be, each of these stories can also be a lie.

A book—rare in our arid age—that takes root in the heart and grows there for a lifetime. Here the spirituality of the East and the West have met in a novel that enfigures deep human wisdom with a rich and colorful imagination. Written in a prose of almost biblical simplicity and beauty, it is the story of a soul's long quest in search of the ultimate answer to the enigma of man's role on this earth. As a youth, the young Indian Siddhartha meets the Buddha but cannot be content with a disciple's role: he must work out his own destiny and solve his own doubt—a tortuous road that carries him through the sensuality of a love affair with the beautiful courtesan Kamala, the temptation of success and riches, the heartache of struggle with his own son, to final renunciation and self-knowledge. The name "Siddhartha" is one often given to the Buddha himself—perhaps a clue to Hesse's aims in contrasting the traditional legendary figure with his own conception, as a European (Hesse was Swiss), of a spiritual explorer.

Navigate uncharted waters with visionary and inspirational leadership After a successful career in the US Navy, retired Rear Admiral Danelle Barrett knows plenty about effective, motivational leadership, and now she's sharing it with anyone who strives to be a bold change leader. Find hope even in these dark times with this rediscovered masterpiece, a companion to his international bestseller *Man's Search for Meaning*. Eleven months after he was liberated from the Nazi concentration camps, Viktor E. Frankl held a series of public lectures in Vienna. The psychiatrist, who would soon become world famous, explained his central thoughts on meaning, resilience, and the importance of embracing life even in the face of great adversity. Published here for the very first time in English, Frankl's words resonate as strongly today—as the world faces a coronavirus pandemic, social isolation, and great economic uncertainty—as they did in 1946. He offers an insightful exploration of the maxim “Live as if you were living for the second time,” and he unfolds his basic conviction that every crisis contains opportunity. Despite the unspeakable horrors of the camps, Frankl learned from the strength of his fellow inmates that it is always possible to “say yes to life”—a profound and timeless lesson for us all.

The updated edition of the bestselling book that has changed millions of lives with its insights into the growth mindset “Through clever research studies and engaging writing,

Dweck illuminates how our beliefs about our capabilities exert tremendous influence on how we learn and which paths we take in life.”—Bill Gates, *GatesNotes* After decades of research, world-renowned Stanford University psychologist Carol S. Dweck, Ph.D., discovered a simple but groundbreaking idea: the power of mindset. In this brilliant book, she shows how success in school, work, sports, the arts, and almost every area of human endeavor can be dramatically influenced by how we think about our talents and abilities. People with a fixed mindset—those who believe that abilities are fixed—are less likely to flourish than those with a growth mindset—those who believe that abilities can be developed. Mindset reveals how great parents, teachers, managers, and athletes can put this idea to use to foster outstanding accomplishment. In this edition, Dweck offers new insights into her now famous and broadly embraced concept. She introduces a phenomenon she calls false growth mindset and guides people toward adopting a deeper, truer growth mindset. She also expands the mindset concept beyond the individual, applying it to the cultures of groups and organizations. With the right mindset, you can motivate those you lead, teach, and love—to transform their lives and your own.
