

## The Little Book Of Venture Capital Investing Empowering Economic Growth And Investment Portfolios Little Books Big Profits

Are you awed by the smell of flowers or the busy buzz of the bees? Are you awed by the all of the snow or the rustle of the trees? In The Book of Awe, readers are reminded to take a minute and see the beauty in the everyday things around them.

Forced together by unfortunate circumstances, a bitter man and a young, hurting girl must decide whether they will hold on to their pain or seek their Father in Heaven.

A guide to emerging-market investing discusses reasons to invest, different ways to do it, the risks involved, picking viable areas to invest in, and when and how to get out.

Bobcats, the most common wild feline in North America, are normally elusive creatures. But in the foothills of Tucson, Arizona, they dwell untroubled among humans.

The Guide for Women Entrepreneurs shares important tips for women in business generally and highlights items that are important for balance during the entrepreneurial journey. The Guide also provides practical tips for entrepreneurs like What Should I Put in a Pitch Deck, Do's and Don'ts in Pitching, Do's and Don'ts in Fundraising, Length of Time for Fundraising, Presenting to an Angel Network, Angel Pet Peeves to Avoid, Diligence on an Investor, and Going Through Diligence as an Entrepreneur. There is a Question and Answer section which addresses positioning yourself as a wife and husband or sister and brother team, offering an adviser equity and the vesting schedule, other forms of financing, conflicting advice from Mentors and Investors, dealing with biased investors, metrics that an investor wants to see, the difference fundraising in NYC and Silicon Valley, the difference between a product and an investment pitch, active or passive investors, the role press plays in fundraising, the ideal level of contact from investors, and my personal advice. The book also includes a section on becoming an angel investor for when entrepreneurs are ready to pay it forward and an Appendix with a sample pitch deck.

The world has changed and so too has investing. The market is shell shocked and yesterday's momentum stocks are today's slow-motion stocks. But in the new reality of low-growth investing, commodities are hot and getting hotter. A rapidly industrializing and urbanizing Asia will be demanding lots more copper, zinc, iron ore, coal, fertilizers, gold and oil to transform their societies. Commodities are it and that's great news for investors who want to profit from the next great bull market in commodities. In fact, commodities may be about the only asset class that is likely to outperform the broad market in the future.

Although they are without a doubt important to the global economy, commodities are among the most misunderstood of all asset classes. Stocks, bonds and real estate all have legions of followers and plenty of experts agree on their importance within an investment portfolio, but venture into the world of commodities and you are into an area that's intimidating to the average investor, where suspicions run deep and understanding is limited. As a result, commodities get short-shrift in most investment accounts and investors miss out on some important opportunities. The Little Book of Commodity Investing is an indispensable guide to learning the ins and outs of commodity investing. It's about identifying opportunities to profit from the coming bull market in commodities. It explains the benefits of commodities as part of a well diversified investment portfolio; covers all of the major commodities markets; what makes commodities and the companies that produce them tick; why commodities sometimes zig and then zag; what to buy and when to buy it; and why commodities are the next big thing. Today's world is a very different world—a world where an understanding of commodities is a prerequisite for investment success.

And The Little Book of Commodity Investing is the roadmap you need to discover where the opportunities of the future lie, and what to do about it.

The key to building wealth the low-priced stock way Low-priced gems, or what author Hilary Kramer calls "breakout stocks" come in all kinds of shapes and sizes but they all have three things in common: (1) they are mostly under \$10; (2) they are undervalued; and (3) they have specific catalysts in the near future that put them on the threshold of breaking out to much higher prices. In The Little Book of Big Profits from Small Stocks, small stock expert Hilary Kramer looks for stocks with fifty to two hundred percent upside potential! From drug stocks that may have been punished because an FDA approval failed to materialize when Wall Street expected it to, to the overly zealous selling off of Ford, there are many great low-priced stock opportunities. In this Little Book you'll learn: How to identify the low cost stocks that have the potential to yield big profits The most important secret to making money in stock investing Plus, you'll gain instant access to a website with educational videos, interactive tools and stock recommendations The Little Book of Big Profits from Small Stocks explains Kramer's methodology and gives you the ability to analyze the opportunities to pick your own winners.

Have you ever thought your business was meant to be much more than just a means to make money? Biblical businesses are God's first choice as the means to bless mankind, build character, and develop faith. They hold the solution for much of what ails our economy and our culture. Join Dave Kahle as he explores what the Bible has to say about businesses and your role in leading a kingdom oriented business. You'll uncover Biblical truths that you may have never seen before. Your views on business will never be the same. Find your place in the movement and unlock the full potential of your business.

She has a simple 3-step recipe you can use right away. - Jenny Toste, CBS-TV Start reading Marketing Fastrack today!

Spot the difference is an amazing activity that boosts your child's fine-ground perception. Fine-ground perception is the skill that would allow children to see in-between the negative spaces. This makes it possible to locate hidden objects, which is an important element to learning math and reading. Don't forget to checkout with a copy of this activity book today!

"Origins of an Idea defends the concept of 'original ideas,' as envisioned by our Founding Fathers, from the surge of attacks lodged against it by The Pirate Party, the Free Culture Movement, anti-SOPA proponents and others who would have us do away with the concept of intellectual properties and the monopolies established by our U.S. Constitution. Mr. Shrum advances an apologetic for the concept of original expression of ideas, and maintains that ownership thereof is an inherent human right that is indispensable to the advancement of human progress" -- P. [4] of cover.

A novel.

Help take your startup to the next step with the new and revised edition of the popular book on the VC deal process—from the co-founders of the Foundry Group How do venture capital deals come together?

This is one of the most frequent questions asked by each generation of new entrepreneurs. Surprisingly, there is little reliable information on the subject. No one understands this better than Brad Feld and Jason Mendelson. The founders and driving force behind the Foundry Group—a venture capital firm focused on investing in early-stage information technology companies—Brad and Jason have been involved in hundreds of venture capital financings. Their investments range from small startups to large Series A venture financing rounds. The new edition of *Venture Deals* continues to show fledgling entrepreneurs the inner-workings of the VC process, from the venture capital term sheet and effective negotiating strategies to the initial seed and the later stages of development. Fully updated to reflect the intricacies of startups and entrepreneurship in today's dynamic economic environment, this new edition includes revisions and updates to coverage on negotiating, gender issues, ICO's, and economic terms. New chapters examine legal and procedural considerations relevant to fundraising, bank debt, equity and convertible debt, how to hire an investment banker to sell a company, and more. Provides valuable, real-world insights into venture capital structure and strategy Explains and clarifies the VC term sheet and other misunderstood aspects of capital funding Helps to build collaborative and supportive relationships between entrepreneurs and investors Draws from the author's years of practical experience in the VC arena Includes extensively revised and updated content throughout to increase readability and currency *Venture Deals: Be Smarter Than Your Lawyer and Venture Capitalist* is a must-have resource for Any aspiring entrepreneur, venture capitalist, or lawyer involved in VC deals as well as students and instructors in related areas of study.

SIL brings to us a stylistic approach to the everyday matters of the heart by traveling through the most impactful relationships of her life. This quick short and easy-to-read glimpse inside the real world of tax lien and tax deed investing is a must-have book for any serious tax deed or tax lien real estate property investor!

In a world where heroes were forced into retirement in the aftermath of a nuclear attack on America Michael Sanders must rise to the occasion and discover what it means to live and rise up from underneath *The Long Shadow*.

Sy Middleton, a teenager living in Manhattan, enters a secret world when he is initiated into Earth-tribe and becomes a Tribber. In the Middle Realm, Tribbers from Earth-, Fire-, Air- and Water-tribe train to enhance their powers and compete in monthly Lunar Festivals. The Zodiac Council has protected the Lower and Middle Realms from the Darkforce for thousands of years, but the balance of power has shifted, placing humanity at risk. The Darkforce has stolen the Book of Dreams. Sy and his friend Joshua Ryderson embark on a quest to find it...

Praise For THE LITTLE BOOK OF ALTERNATIVE INVESTMENTS "Ben and Phil have done it again. Another lucid, insightful book, designed to enhance your wealth! In today's stock-addled cult of equities, there is a gaping hole in most investors' portfolios...the whole panoply of alternative investments that can simultaneously help us cut our risk, better hedge our inflation risk, and boost our return. This Little Book is filled with big ideas on how to make these markets and strategies a treasured part of our investing toolkit." —Robert Arnott, Chairman, Research Affiliates "I have been reading Ben Stein for thirty-five years and Phil DeMuth since he joined up with Ben ten years ago. They do solid work, and this latest is no exception." —Jim Rogers, author of *A Gift to My Children* "If anyone can make hedge funds sexy, Stein and DeMuth can, and they've done it with style in this engaging, instructive, and tasteful how-to guide for investing in alternatives. But you should read this Kama Sutra of investment manuals not just for the thrills, but also to learn how to avoid the hazards of promiscuous and unprotected investing." —Andrew Lo, Professor and Director, MIT Laboratory for Financial Engineering

It's almost 1911. Colin Limmerick, the handsome sea captain, has a problem. He's stuck with a twenty-eight-thousand-year-old Neanderthal on board his ship. He realizes he must venture into another time-travel quest to bring the ancient beast back to its own time period. Rosa, the pretty archaeology Ph.D. student, instills to eccentric Russian-scientist, Dr. Sasha Dimitrikov that they need another means of fuelling the time machine. The inventor of time travel has the idea of converging magnetic lines at magnetic true north in the Arctic to fuel the time machine and deliver the Neanderthal back to its time period. Limmerick, Dimitrikov, Rosa, and the sexy chancellor of the university venture Arctic waters, where they are confronted by an unexpected blast from their future. A Soviet sub from 1970 slips through the time vortex! Just what Colin, Rosa, and Dr. Dimitrikov needed on this mission.

The exiled scion of a prominent Boston banking family, forty-seven-year-old Wheeler Burden is living in 1988 San Francisco until he is mysteriously transported to fin de sicle Vienna, a city that he finds strangely familiar, where he finds a mentor in Sigmund Freud, falls in love with a young American woman, and gains insight into the war-hero father he never knew. A first novel. 100,000 first printing.

An inspirational and handy book of consciousness and love. Bring it with you on your daily journey for happiness everywhere you go.

The book is on how to write million dollar ads, sales letters, flyers, postcards and web marketing pieces for businesses within the "Spa Industry." Writing effective spa marketing!How To Create Instant Client Promotions and Sales Letters... That Get Results!Boost your sales with powerful sales letters and promotions reserved typically for the BIG marketers!

The best-selling investing "bible" offers new information, new insights, and new perspectives *The Little Book of Common Sense Investing* is the classic guide to getting smart about the market. Legendary mutual fund pioneer John C. Bogle reveals his key to getting more out of investing: low-cost index funds. Bogle describes the simplest and most effective investment strategy for building wealth over the long term: buy and hold, at very low cost, a mutual fund that tracks a broad stock market Index such as the S&P 500. While the stock market has tumbled and then soared since the first edition of *Little Book of Common Sense* was published in April 2007, Bogle's investment principles have endured and served investors well. This tenth anniversary edition includes updated data and new information but maintains the same long-term perspective as in its predecessor. Bogle has also added two new chapters designed to provide further guidance to investors: one on asset allocation, the other on retirement investing. A portfolio focused on index funds is the only investment that effectively guarantees your fair share of stock market returns. This strategy is favored by Warren Buffett, who said this about Bogle: "If a statue is ever erected to honor the person who has done the most for American investors, the hands-down choice should be Jack Bogle. For decades, Jack has urged investors to invest in ultra-low-cost index funds. . . . Today, however, he has the satisfaction of knowing that he helped millions of investors realize far better returns on their savings than they otherwise would have earned. He is a hero to them and to me." Bogle shows you how to make index investing work for

you and help you achieve your financial goals, and finds support from some of the world's best financial minds: not only Warren Buffett, but Benjamin Graham, Paul Samuelson, Burton Malkiel, Yale's David Swensen, Cliff Asness of AQR, and many others. This new edition of The Little Book of Common Sense Investing offers you the same solid strategy as its predecessor for building your financial future. Build a broadly diversified, low-cost portfolio without the risks of individual stocks, manager selection, or sector rotation. Forget the fads and marketing hype, and focus on what works in the real world. Understand that stock returns are generated by three sources (dividend yield, earnings growth, and change in market valuation) in order to establish rational expectations for stock returns over the coming decade. Recognize that in the long run, business reality trumps market expectations. Learn how to harness the magic of compounding returns while avoiding the tyranny of compounding costs. While index investing allows you to sit back and let the market do the work for you, too many investors trade frantically, turning a winner's game into a loser's game. The Little Book of Common Sense Investing is a solid guidebook to your financial future.

A little book full of enormous value for novices and seasoned venture capitalists alike After having been thrown for a loop by the bursting of the tech bubble more than a decade ago, the venture capital industry suddenly has come roaring back to life over the past two years. In 2011 alone, more than \$7.5 billion in venture capital was invested—representing more than a 19% increase over the previous year—in more than 966 companies. A majority of these companies reside in the life sciences, Internet, and alternative energy sectors. In today's weak job market, VC is more important than ever, since financing new tech, alternative energy, media, and other small to mid-sized companies is vital to creating new jobs. Written by Lou Gerken, a noted international authority on venture capital and alternative investments, this book tells you everything you need to know about the venture capital industry's important role in enhancing economic growth and employment. It is also the perfect go to primer on making venture capital investments to enhance portfolio returns. Highly accessible explanations of the ins and outs of venture capital for would-be investors and experienced VCs Highlights the historical VC track record, and offers expert advice and guidance on venture capital exposure, investment options, sourcing opportunities and due diligence Provides proven strategies for successful investment selection, timing, monitoring, and exiting for optimum returns Features endorsements from luminaries of the VC world, including Kleiner Perkins Caufield & Byers co-founder Frank Caulfield, and Dr. Art Laffer, among others

An accessible look at the art of investing and how to adopt the practices of top professionals What differentiates the highly successful market practitioners—the Market Wizards—from ordinary traders? What traits do they share? What lessons can the average trader learn from those who achieved superior returns for decades while still maintaining strict risk control? Jack Schwager has spent the past 25 years interviewing the market legends in search of the answers—a quest chronicled in four prior Market Wizards volumes totaling nearly 2,000 pages. In The Little Book of Market Wizards, Jack Schwager seeks to distill what he considers the essential lessons he learned in conducting nearly four dozen interviews with some of the world's best traders. The book delves into the mindset and processes of highly successful traders, providing insights that all traders should find helpful in improving their trading skills and results. Each chapter focuses on a specific theme essential to market success Describes how all market participants can benefit by incorporating the related traits, behaviors, and philosophies of the Market Wizards in their own trading Filled with compelling anecdotes that bring the trading messages to life, and direct quotes from the market greats that resonate with the wisdom born of experience and skill Stepping clearly outside the narrow confines of most investment books, The Little Book of Market Wizards focuses on the value of understanding one's self within the context of successful investing.

Everything you need to know to look after yourself to bring about and maintain perfect health, prosperity, wealth, happiness, quality of life and longevity. It reveals that we are, without realising, not doing enough or the right things to protect our health and prosperity which is equally extremely damaging to nature, wildlife, oceans, sea-life, fresh springs, waterways and air, and us. The Book by Linde utilises new and ancient knowledge from around the world, over the millennia identifying what changes we need to make to enhance every aspect of our lives with simple solutions for almost every situation. It is your most powerful contribution to protecting, nurturing and saving our planet. In summary, 'THE BOOK' Consists of Six Chapters which incorporates a summary within each one: Lifestyle; Food & Nutrition; Medical Care; Mind; Water; and Now Live the final chapter which you can cast your eye over first as it is a synopsis of the complete works. It is highly recommend to read from cover to cover but, it is packed with valuable information to just use as a Reference Manual on a day to day basis. Teaches you how to look after your body and mind to ultimately prevent illness, but also to help regain and maintain perfect health; Provides countless number of practical, realistic & simple tips to easily adopt into your day to day lifestyle improving quality of life, saving time & money and gaining longevity; Fuses together specialised areas in health & mind, lifestyle & environment under one cover; Identifies our day to day toxic exposures that we are unaware of and provides successful resolutions; Gives you complete fundamental knowledge and awareness, to use your courage to take responsibility for your life enhancing your health, prosperity and happiness; Provides you with ancient knowledge and practices to new, from science including quantum physics, to philosophy, psychology, and important detail on nutrition, exercise, energies and medicine; Is very current, answering all the conflicting hype about diets, the next super food or the bad effects of conventional drugs or sugar that are in the media weekly, even daily; For more information please visit [www.thebookbook.co.uk](http://www.thebookbook.co.uk)

Although start-ups represent a major phenomenon in the USA, they also create skepticism and even suspicion, perhaps because of the excesses of the Internet bubble. Apple, Microsoft, Intel, Cisco, Yahoo and Google were all start-ups and these success stories show that the phenomenon is not mere speculation. The goal of this book is to show start-ups from a different angle. Start-ups are created by individuals who are passionate and who have dreams. Therefore this work should not only be read by specialists of innovation or by high tech entrepreneurs, but also by anyone interested in the history and economics of start-ups. The book is presented in two parts: it begins with a presentation of Silicon Valley start-ups, which ends with a description of the ecosystem of this region. The second part is dedicated to Europe, where the start-up phenomenon has failed in comparison. The main message is that it is absolutely necessary to take more inspiration from Silicon Valley.

Enjoy 20 limited-detail illustrations, designed for those who would rather keep it simple. Each page was hand-drawn and edited by K J Kraemer, with you in mind. If you don't want to spend days on a project or just want room to get creative, this adult coloring book is for you!

Eugene Field (1850-1895) was an American writer best known for his children's poetry and humorous essays. Many of his works were accompanied by paintings from Maxfield Parrish.

The Little Book of Big Bubbles - A History of Financial Greed and Collective Insanity. Whether it's tulips, real estate, or even Beanie Babies: asset bubbles are thought to inflate and pop without rhyme or

reason. This is not true. Humans are greedy. We are susceptible to being deluded by our own collective insanity. We ignore the lessons of the past and make the same mistakes over and over. What are financial bubbles, and how do we navigate them? In this book, we explore ten of history's most significant bubbles and identify what they have in common to build a framework for recognising future ones. Chapters An Introduction The Roman Land Collapse (33 AD) The Dutch Tulipe Mania (1637) The South Sea Company (1720) The Mississippi Company (1720) US Land Panics (1819, 1837 and 1857) The Roaring '20s (1921-1929) The Japanese Asset Bubble (1986-1991) Beanie Babies (1995-1999) The Tech Bubble (1995-2000) The US Housing bubble (2005-2008) The Lessons of History The Author - Edmund Simms Value investor. Worked in hedge funds, mutual funds, venture capital, and as co-founder to three startups. No managing a private investment partnership and an equity research publication. Made in Australia but residing in London.

A concise, lively, and bracing exploration of an issue bedeviling our cultural landscape—plagiarism in literature, academia, music, art, and film—by one of our most influential and controversial legal scholars. Best-selling novelists J. K. Rowling and Dan Brown, popular historians Doris Kearns Goodwin and Stephen Ambrose, Harvard law professor Charles Ogletree, first novelist Kaavya Viswanathan: all have rightly or wrongly been accused of plagiarism— theft of intellectual property—provoking widespread media punditry. But what exactly is plagiarism? How has the meaning of this notoriously ambiguous term changed over time as a consequence of historical and cultural transformations? Is the practice on the rise, or just more easily detectable by technological advances? How does the current market for expressive goods inform our own understanding of plagiarism? Is there really such a thing as “cryptomnesia,” the unconscious, unintentional appropriation of another’s work? What are the mysterious motives and curious excuses of plagiarists? What forms of punishment and absolution does this “sin” elicit? What is the good in certain types of plagiarism? Provocative, insightful, and extraordinary for its clarity and forthrightness, *The Little Book of Plagiarism* is an analytical tour de force in small, the work of “one of the top twenty legal thinkers in America” (Legal Affairs), a distinguished jurist renowned for his adventuresome intellect and daring iconoclasm.

What Explains the Recent Tremendous Growth in Private Equity Funds? How Have These Funds Created so Much Value? Can We Expect This Kind of Growth in Other Countries and Other Types of Investments? The pool of U.S. private equity funds has grown from \$5 billion in 1980 to over \$175 billion in 1999. Private equity's recent growth has outstripped that of almost every class of financial product. Whether you are an entrepreneur seeking private equity finance, a private equity investor grappling with the industry's changes, or an investor interested in private equity as a potential investment, this book is required reading! It presents a collection of real world cases-supplemented by detailed industry notes-that explore the exciting and dynamic world of venture capital and buyout funds. The organization mirrors that of the venture capital/private equity process itself: \* The first part explores the raising and structuring of private equity funds, as well as the perspective of investors. \* The second part explores the selection, oversight, and adding value to firms-the 'heart' of the private equity cycle. \* The third part describes how private equity groups reap attractive returns from successful investments. \* The final section explores the emerging efforts to translate the private equity model into other settings, such as corporate venturing programs.

Perfect book to record and save important addresses and birthdays. As time goes by and the fullness and complexity of the days increase, this is more and more important. You can keep these addresses and birthdays from family, friends, business partners etc. for many years.

The only thing we can guarantee is that Dad will love and cherish it for a long time Make Dad's year by giving him the most thoughtful and personal gift any father can receive. The loving words of his own children

An accessible, and intuitive, guide to stock valuation Valuation is at the heart of any investment decision, whether that decision is to buy, sell, or hold. In *The Little Book of Valuation*, expert Aswath Damodaran explains the techniques in language that any investors can understand, so you can make better investment decisions when reviewing stock research reports and engaging in independent efforts to value and pick stocks. Page by page, Damodaran distills the fundamentals of valuation, without glossing over or ignoring key concepts, and develops models that you can easily understand and use. Along the way, he covers various valuation approaches from intrinsic or discounted cash flow valuation and multiples or relative valuation to some elements of real option valuation. Includes case studies and examples that will help build your valuation skills Written by Aswath Damodaran, one of today's most respected valuation experts Includes an accompanying iPhone application (iVal) that makes the lessons of the book immediately useable Written with the individual investor in mind, this reliable guide will not only help you value a company quickly, but will also help you make sense of valuations done by others or found in comprehensive equity research reports.

An engaging guide to excelling in today's venture capital arena Beginning in 2005, Brad Feld and Jason Mendelson, managing directors at Foundry Group, wrote a long series of blog posts describing all the parts of a typical venture capital Term Sheet: a document which outlines key financial and other terms of a proposed investment. Since this time, they've seen the series used as the basis for a number of college courses, and have been thanked by thousands of people who have used the information to gain a better understanding of the venture capital field. Drawn from the past work Feld and Mendelson have written about in their blog and augmented with newer material, *Venture Capital Financings* puts this discipline in perspective and lays out the strategies that allow entrepreneurs to excel in their start-up companies. Page by page, this book discusses all facets of the venture capital fundraising process. Along the way, Feld and Mendelson touch on everything from how valuations are set to what externalities venture capitalists face that factor into entrepreneurs' businesses. Includes a breakdown analysis of the mechanics of a Term Sheet and the tactics needed to negotiate Details the different stages of the venture capital process, from starting a venture and seeing it through to the later stages Explores the entire venture capital ecosystem including those who invest in venture

capitalist Contain standard documents that are used in these transactions Written by two highly regarded experts in the world of venture capital The venture capital arena is a complex and competitive place, but with this book as your guide, you'll discover what it takes to make your way through it.

Sunday Times #1 bestseller and long-awaited follow-up to the #1 bestselling Stop Talking, Start Doing You can think big or you can think small, it all starts in the mind. What have you got to lose? If you aim for the stars you might just get there. Sometimes it pays off to think BIG and Richard Newton is here to get us thinking on a bigger scale than we ever imagined. With the right thinking tools and the right approach you can release your inspiration and creativity, reset your ambition and direct your attention to the things that truly matter to you. And that can change your life. Short and punchy with quick tips and inspiring graphics, The Little Book of Thinking Big will have your imagination, creativity and determination firing on all cylinders. You'll come away with a set of BIG goals to fuel and drive your BIG life. Here's where it starts. This is a reset button. Push it. Think bigger.

You know Mark Twain, creator of the long-loved characters Huck Finn and Tom Sawyer, but have you heard what he said about Jane Austen? The Little Book of Zingers will feature the greatest comebacks and one-liners of all time, uttered by the iconic men and women we know and love (or love to hate)! Every generation sees its fair share of geniuses: men and women who possess boundless intellect and are capable of incredible insight. Søren Kierkegaard was such a man. Widely considered the father of existential philosophy, Kierkegaard uttered such profundities as: "If I am capable of grasping God objectively, I do not believe, but precisely because I cannot do this I must believe." But on one truly momentous occasion, Kierkegaard made one confident and succinct statement that shook the earth: "My opponent is a glob of snot." Kierkegaard spoke of Hans Martensen, an academic with whom he'd had a fair share of disagreements. The two often went toe-to-toe in scholarly debate, but with this dynamite zinger, Kierkegaard ended all further discussion. After all, who expects to be called a glob of snot? There's no coming back from that. The Little Book of Zingers will explore the rich depths of crushingly hilarious salt-in-the-wound one-liners you've never heard that'll make you gasp at their audacity. From the Age of Enlightenment to the Roaring Twenties to the boogie-down seventies, The Little Book of Zingers will take readers on a journey through some of history's greatest burns, spoken by the men and women who shaped the world.

We all hear tales about the Knights Templar, but who are they, and what purpose do they have in a modern world? Janis, the author of this book gives insight into the beliefs and practices of this once highly secret organisation. She goes further to make suggestions to those wishing to tread the path towards discovery. The Little Book of Templar Philosophy is just that, a little book with a wealth of belief systems.
