## Deciphering End-Time Prophetic Codes

The true story that inspired the forthcoming History Channel series “ God Code.” Imagine you are a young, ambitious, successful appraiser of artifacts and antiquities—your services in demand by many of the most powerful individuals and branches of government in Washington, D. C. Your future could not seem brighter—except for a troubling dream with the same mysterious message on the same exact date three years in a row. Timothy P. Smith, heir to a renowned family business responsible for construction or renovation of some of America ’ s most cherished landmarks, struggled to understand the significance of his recurring dream until he had another dream--one that identified a specific location where it seemed he might find answers to his questions. So Timothy drove to a remote spot in British Columbia. There the adventure--which later led to a startling discovery in the oldest Hebrew text of the Bible--began. It took the convergence of the sacred text, one man ’ s life, and modern computer technology to reveal messages that may explain dramatic world events, as well as influence every person alive today. Welcome to The Chamberlain Key. What You Will Discover in The Chamberlain Key:

- An encrypted code in Genesis, in the oldest known Hebrew text of the Old Testament, centuries before predicted the birth and resurrection of Jesus.
- Scientific evidence that this encrypted code was authored by the divine hand of God.
- Signs that there are more encrypted codes in this same Hebrew text that will lead to additional messages from God to

humanity • Hidden clues that may lead to the location of long-missing sacred artifacts, such as the Ark of the Covenant • Insights on why Timothy P. Smith was chosen to uncover this encrypted code. • A dire warning that God wants us to hear—and heed. “ However one wishes to interpret the meaning and significance of the text, they may rest assured that the text on which Timothy Smith bases his interpretation has almost certainly been there for a very long time, since before the birth of Christ. ” —Eugene Ulrich, Ph.D., Department of Theology, University of Notre Dame

Alexis is a 6-year-old who loves to attend church and enjoys studying at a Christian school, but she realized not everyone has a relationship with God just because they go to church or attend a Christian school. A lot of adults dismiss the idea that children can get saved and have a good relationship with God from a young age. Parents send children to "children's church" or "Christian class" but don't expect children to get answers from prayer or impact other children's lives through miracles and healing. Alexis wondered if it's possible for her to find out who God really is for herself and help other children get their own answers. She was thrilled to discover 12 keys that open up amazing and supernatural experiences with God. Inspired by conversations with his daughter, her father who is an author and public speaker wrote this children's book so that other children can find the thrill of knowing God our Creator. ## From Jesus to Christ

Explosive evidence that Bible codes point to the life of Christ! When Ed Sherman, a mathematician with 30 years of experience, and Nathan Jacobi, an Israeli physicist, set out to debunk claims that there were mysterious codes in the Hebrew Old Testament, they could not have envisioned the startling conclusions they would reach. As Dr. Jacobi, an agnostic Jew, looked for lengthy Hebrew codes about Christ, repeatedly he discovered compelling excerpts from the life of the man from Nazareth. Time and again Dr. Jacobi found that one-or two-word codes were actually part of much longer encoded sentences that echoed the Gospel accounts. Moreover, these encoded sentences were extensively embedded in two passages most widely regarded as prophecies of the crucifixion of Christ (Isaiah 53 and Psalms 22). Bible Code Bombshellsets forth startling new evidence that code sequences in Scripture are irrefutable evidence of a Divine hand. In this highly readable book, Sherman offers both skeptics and believers a gold mine of information that will prompt much thinking about the origins of the Bible. Unlike other Bible code books, this unique book features codes that are phrases and sentences, and not

Although much has been deliberated in the prophetic arena evidenced by the voluminous books written on the prophetic and the mushrooming of Prophetic Schools across the Body of Christ, there are still lingering questions across the Body of Christ triggered by the perennial hunger and unquenchable thirst for the prophetic especially matters of prophesying accurately, precisely and articulately.
